INDEPENDENT AUDITOR'S REPORT

To the Members of JSW Steel Limited

Report on the Audit of the Consolidated Financial **Statements**

Oualified Opinion

We have audited the consolidated financial statements of JSW Steel Limited (hereinafter referred to as "the Holding Company" or "Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") its associates and joint ventures comprising of the consolidated Balance sheet as at March 31 2025, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries. associates and joint ventures, except for the possible effects of the matter described in the 'Basis for qualified opinion' section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and joint ventures as at March 31, 2025, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Qualified Opinion

As stated in Note 55 to the consolidated financial statements, the Company is in process of evaluating the possible legal remedies pursuant to the Hon'ble Supreme Court's rejection of Company's Resolution Plan for acquisition of Bhushan Power and Steel Limited (BPSL) and believes there is no adverse material impact on the consolidated financial statements. Pending the outcomes of the legal remedies being evaluated by the Company as stated in the said note and the final outcome of regulatory actions; and given the uncertainties involved in this regard, we are unable to

assess the possible consequential effects thereof on these consolidated financial statements.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, associates, joint ventures in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

Kev Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' section we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

How our audit addressed the key audit matter

Recoverability of Goodwill, Property plant and Equipment, Capital work in progress, Right-of-use assets and Advances related to certain **business** (as described in note 49 of the consolidated financial statements)

As at March 31, 2025, the Group has carrying amount of:

- Goodwill of ₹ 120 crores
- Property plant and Equipment, capital work in progress, advances and license fees of ₹8,062 crores
- Pight-of-use assets ₹ 73 crores

Related to certain businesses incurring losses or where projects are on hold

Assessment of the recoverable amount of Goodwill, Property plant and Equipment, Capital work in progress, Right-of-use assets and Advances related to certain businesses has been identified as a key audit matter due to

- Significance of the carrying amount of these balances.
- ▶ The assessment requires management to make significant estimates concerning the estimated future cash flows, qualitative assessments of the status of the project and its future depending on balance work to be performed or approvals to be received, associated discount rates and growth rates based on management's view of future business prospects.
- ▶ Changes to any of these assumptions could lead to material changes in the estimated recoverable amount, impacting both potential impairment charges and potential reversals of impairment

Our audit procedures included the following:

- We obtained and read management's assessment for impairment.
- We performed test of controls over impairment process through inspection of evidence of performance of these controls.
- We assessed the impairment model prepared by the management and the assumptions used, with particular attention to the following:
- benchmarking or assessing key assumptions used in the impairment models, including discount rates, risk free rate of return, long term growth rate and other key assumptions against external and internal data;
- assessing the cash flow forecasts through analysis of actual past performance and comparison to previous forecasts:
- testing the mathematical accuracy and performing sensitivity analyses of the models: and
- understanding the commercial prospects of the assets/ projects and comparison of assumptions with external data sources:
- We assessed the competence, capabilities and objectivity of the experts used by management in the process of determining recoverable amounts.
- We assessed the conclusions reached by management and those charged with governance on account of various estimates and iudaements
- We assessed the compliance of the disclosures made in note 49 of the consolidated financial statements with the accounting standards

Accuracy and completeness of disclosure of related party transactions and compliance with the provisions of Companies Act 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('SEBI (LODR) 2015') (as described in note 45 of the consolidated financial statements)

We identified the accuracy and completeness of disclosure of related party transactions as set out in respective notes to the consolidated financial statements as a key audit matter due to:

- ▶ The significance of transactions with related parties during the year ended March 31, 2025.
- Related party transactions are subject to the compliance requirement under the Companies Act 2013 and SEBI (LODR) 2015.

Our audit procedures in relation to the disclosure of related party transactions included the following:

- We obtained an understanding, evaluated the design and tested operating effectiveness of the controls related to capturing of related party transactions and management's process of ensuring all transactions and balances with related parties have been disclosed in the consolidated financial statements.
- We obtained an understanding of the Group's policies and procedures in respect of evaluating arms-length pricing and approval process by the audit committee and the board of directors.
- We agreed the amounts disclosed with underlying documentation and read relevant agreements, evaluation of arms-length by management, on a sample basis, as part of our evaluation of the disclosure
- We assessed management evaluation of compliance with the provisions of Section 177 and Section 188 of the Companies Act 2013 and SEBI (LODR) 2015.
- We evaluated the disclosures through reading of statutory information, books and records and other documents obtained during the course of our audit.

Claims and exposures relating to taxation and litigation (as described in note 46 of the consolidated financial statements)

The Group has disclosed in note 46 of the consolidated financial statements, contingent liabilities of ₹ 3,297 crores in respect of disputed ▶ We obtained understanding, evaluated the design, and tested the claims/ levies under various tax and legal matters and ₹ 5,447 crores towards Claims related to Forest development tax/ fee. In addition, the Group has assessed several claims as 'Remote' and hence are not required to be disclosed as contingent liabilities.

Taxation and litigation exposures have been identified as a key audit

- ▶ Significance of these amounts and large number of disputed matters with various authorities.
- ▶ Significant judgement and assumptions required by management in assessing the exposure of each case to evaluate whether there is a need to set up a provision and measurement of exposures as well as the disclosure of contingent liabilities

We focused on this matter because of the potential financial impact on the consolidated financial statements. Additionally, the treatment of taxation and litigation cases require significant judgement due to the complexity of the cases, timescales for resolution and involvement of various authorities

Our audit procedures included the following:

- operating effectiveness of the controls related to the identification. recognition and measurement of provisions for disputes, potential claims and litigation, and contingent liabilities.
- We obtained details of legal and tax disputed matters and evaluation made by the management and assessed management's position through discussions on both the probability of success in significant cases, and the magnitude of any potential loss.
- We read external legal opinions (where considered necessary) and other evidence to corroborate management's assessment of the risk profile in respect of material legal claims.
- We involved tax specialists to assist us in evaluating tax positions taken by management for material claims.
- We assessed the relevant disclosures made in the consolidated financial statements for compliance in accordance with the requirements of Ind AS 37

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard except that we are unable to conclude whether or not the other information is materially misstated with respect to the matter described in the Basis for Qualified Opinion section above.

Responsibilities of Management and Those Charged With Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are

responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report

to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) We did not audit the financial statements and other financial information, in respect of 26 subsidiaries, whose financial statements include total assets of ₹ 57,647 crores as at March 31, 2025, total revenues of ₹61,449 crores and net cash inflows of ₹729 crores for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. The consolidated financial statements also include the Group's share of net loss of ₹ 118 crores for the year ended March 31, 2025, as considered in the consolidated financial statements. in respect of 2 associates and 8 joint ventures, whose financial statements, other financial information have been audited by other auditors and whose reports have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associates, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on the reports of such other auditors.

Certain of these subsidiaries and joint ventures are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries and joint ventures located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries and joint ventures located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of 2 subsidiaries, whose financial statements and other financial information reflect total assets of ₹ 1,038 crores as at March 31, 2025, and total revenues of Nil and net cash inflows of Nil for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. The consolidated financial statements also include the Group's share of net loss of ₹ 14 crores for the year ended March 31, 2025, as considered in the consolidated financial statements. in respect of 1 associate and 1 joint venture, whose financial statements, other financial information have not been audited and whose unaudited financial statements, other unaudited financial information have been furnished to us by the Management. Our opinion, in so far as it relates amounts and disclosures included

in respect of these subsidiaries, joint ventures and associates, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, joint ventures and associates, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, associate companies and joint ventures companies, incorporated in India and to the extent applicable, as noted in the 'Other Matter' paragraph we give in the "Annexure 1" a statement on the matters specified in paragraph 3(xxi) of the Order.
- 2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, associates and joint ventures, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
 - (a) We/the other auditors whose report we have relied upon have sought and except for the matter described in the Basis for Qualified Opinion paragraph, have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - (b) Except for the possible effects, of the matter described in the Basis for Qualified Opinion paragraph and paragraph j (vi) below on reporting of under Rule 11 (g) of (the Companies Audit and Auditors) Rules, 2014, in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
 - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement

- of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements:
- (d) Except for the possible effects, of the matter described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended:
- (e) For the matter described in the Basis for Qualified Opinion paragraph above, we are unable to assess whether there could be an adverse effect on the functioning of the Holding Company
- (f) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, associate companies and joint ventures, none of the directors of the Group's companies, its associates and joint ventures, incorporated in India, is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act:
- (g) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in in the Basis for Qualified Opinion paragraph and paragraph (b) above;
- (h) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, associate companies and joint ventures and the operating effectiveness of such controls, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of such subsidiary companies, associate companies and joint ventures companies, incorporated in India and to the extent applicable, as noted in the 'Other Matter' paragraph, refer to our separate Report in "Annexure 2" to this report:
- (i) Without considering the possible effects of the matter described in the 'Basis for Qualified Opinion' section above in our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries, associates and joint ventures incorporated in India, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Holding Company, its subsidiaries, associates and joint ventures incorporated in India to their directors in accordance with the provisions of section 197 read with Schedule V to the Act;

- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014. as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, associates and joint ventures, as noted in the 'Other matter' paragraph:
 - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, its associates and joint ventures in its consolidated financial statements - Refer Note 46 to the consolidated financial statements:
 - ii. The Group, its associates and joint ventures did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31. 2025:
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, associates and joint ventures, incorporated in India during the year ended March 31, 2025.
 - iv. a) The respective managements of the Holding Company and its subsidiaries, associate and ioint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries, associate and joint ventures respectively that, to the best of its knowledge and belief, other than as disclosed in the note 57(b) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries, associate and joint ventures to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries, associate and joint ventures ("Ultimate Beneficiaries") or provide any quarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The respective managements of the Holding Company and its subsidiaries, associate and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries. associate and joint ventures respectively that, to the best of its knowledge and belief, as disclosed in the note 57(c) to the consolidated financial statements. no funds have been received by the respective Holding Company or any of such subsidiaries, associate and ioint ventures from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries, associate and joint ventures shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any quarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiaries. associate and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v) The final dividend paid by the Holding Company and its subsidiaries, incorporated in India, during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 54 to the consolidated financial statements, the respective Board of Directors of the Holding Company and its subsidiaries, incorporated in India, have proposed final dividend for the year which is subject to the approval of the members of the respective companies at the respective ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend

vi) Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries, associates and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, except that a) the audit trail feature is not enabled for direct changes to data in the underlying database of SAP HR - Payroll application for certain users b) a subsidiary has used a payroll software as a service by a third party software service provider and in the absence of Service Organisation Controls report, the auditor was unable to comment whether audit trail feature of the said software was enabled, operated throughout the year and whether there were any instances of the audit trail feature being tampered with and in case of another accounting software audit trail was not enabled at the database level to log any direct data changes during the period from April 1, 2024 to March 31, 2025, as described in Note 60 to the financial statements, the Holding Company, subsidiaries, associates and joint ventures have used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility

and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we and respective auditors of the above referred subsidiaries, associates and joint ventures did not come across any instance of audit trail feature being tampered with, in respect of accounting software's where the audit trail has been enabled. Additionally, the audit trail of relevant prior year has been preserved by the Holding Company and the above referred subsidiaries, associates and joint ventures as per the statutory requirements for record retention, to the extent it was enabled and recorded in the respective year.

Annexure 2 to the Independent Auditor's Report of even date on the consolidated financial statements of JSW Steel Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of JSW Steel Limited (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and joint ventures, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, its associates and joint ventures, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act. 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial **Statements**

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, its associates and joint ventures. which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to these 15 subsidiaries, 2 associates and 7 joint ventures. which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries, associates and joint ventures incorporated in India.

1. General Information

JSW Steel Limited ("the Company" or "the Parent") (CIN L27102MH1994PLC152925) is primarily engaged in the business of manufacture and sale of Iron and Steel Products.

The Parent and its subsidiaries (together referred to as "the Group") is an integrated manufacturer of diverse range of steel products with its manufacturing facilities located at Vijayanagar works in Karnataka, Dolvi works in Maharashtra and Salem works in Tamil Nadu, Raigarh Works in Chhattisgarh and also in the United States of America and Italy. The Group also has a Plate and Coil mill Division in Anjar, Gujarat. The Group has entered into long term lease arrangements of iron ore mines located at Odisha. Karnataka and Goa.

JSW Steel Limited is a public limited company incorporated in India on 15 March 1994 under the Companies Act, 1956 and listed on the Bombay Stock Exchange and National Stock Exchange. The registered office of the Company is JSW Centre, Bandra Kurla Complex, Bandra (East), Mumbai - 400 051.

2. Material Accounting policies

Statement of compliance

Consolidated Financial Statements have been prepared in accordance with the accounting principles generally accepted in India including Indian Accounting Standards (Ind AS) prescribed under the Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation and disclosures requirement of Division II of revised Schedule III of the Companies Act 2013, (Ind AS Compliant Schedule III), as applicable to Consolidated financial statement.

Accordingly, the Company has prepared these Consolidated Financial Statements, on the basis that it will continue as going concern, which comprise the Consolidated Balance Sheet as at 31 March 2025, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information (together hereinafter referred to as "Consolidated Financial Statements" or "financial statements").

These financial statements are approved for issue by the Board of Directors on 23rd May 2025.

II. Basis of preparation and presentation

The Consolidated Financial Statements have been prepared on the historical cost basis except for certain financial instruments measured at fair values at the end of each reporting year as explained in the accounting policies below, and acquisition of subsidiaries where assets and liabilities are measured at fair values as at the date of acquisition in accordance with Ind AS 103.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes in account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 Share based payments, leasing transactions that are within the scope of Ind AS Ind AS 116 Leases fair value of plan assets within scope the of Ind AS 119 Employee benefits and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 Inventories or value in use in Ind AS 36 Impairment of assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- ▶ Level 2 inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- ▶ Level 3 inputs are unobservable inputs for the asset or liability

The Financial Statement is presented in INR and all values are rounded to the nearest crores except when otherwise stated.

Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

it is expected to be realized in, or is intended for sale or consumption in, the Group's normal operating cycle. It is held primarily for the purpose of being traded;

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

- it is expected to be realized within 12 months after the reporting date: or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded:
- it is due to be settled within 12 months after the reporting date; or the Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Deferred tax assets and liabilities are classified as noncurrent only.

III. Basis of consolidation

The Consolidated Financial Statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved where the Company:

- has power over the investee
- is exposed to, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

The Company reassess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including;

- ▶ the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders:
- potential voting rights held by the Company, other vote holders or other parties:
- rights arising from other contractual arrangements: and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Consolidation procedure:

- ▶ Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- ▶ Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling

As at and for the year ended 31 March 2025

interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

IV. Business combinations

Business combinations are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. Acquisition-related costs are generally recognised in Consolidated Statement of Profit and Loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Taxes and Ind AS 19 Employee Benefits respectively;
- Iiabilities or equity instruments related to sharebased payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any noncontrolling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

In case of bargain purchase, before recognizing gain in respect thereof, the Group determines whether there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognizes any additional assets or liabilities that are identified in that reassessment. The Group then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the Group recognizes it in other comprehensive income and accumulates the same in equity as capital reserve. This gain is attributed to the acquirer. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Group recognises the gain, after reassessing and reviewing, directly in equity as capital reserve.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of noncontrolling interests are measured at fair value or, when applicable, on the basis specified in another Ind AS.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in the Consolidated Statement of Profit and Loss.

If the initial accounting for a business combination is incomplete by the end of the financial year, the provisional amounts for which the accounting is incomplete shall be disclosed in the financial statements and provisional amounts recognized at the acquisition date shall be retrospectively adjusted during the measurement period. During the measurement period, the group shall also recognize additional assets or liabilities if the new information is obtained about facts and circumstances that existed as of the acquisition date and if known. would have resulted in the recognition of those assets and liabilities as of that date. However, the measurement period shall not exceed the period of one year from the acquisition date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interest method.

V. Investment Property

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any,

The Group depreciates building component of investment property over 30 years from the date of original purchase.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition. In determining the amount of derecognition from the derecognition of investment properties the Group considers the effects of variable consideration, existence of a significant financing component, non-cash consideration, and consideration payable to the buyer (if any).

VI. Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the cashgenerating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized directly in the consolidated Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

The Group's policy for goodwill arising on the acquisition of an associate and a joint venture is described at note 2(VII) below.

VII. Investment in associates and joint ventures

An associates is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105 -Non-current Assets Held for Sale and Discontinued Operations. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associates or joint ventures. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associates or joint ventures), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associates or joint ventures.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in consolidated statement of profit and loss in the period in which the investment is acquired.

As at and for the year ended 31 March 2025

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale.

When a group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associates or joint ventures are recognised in the Group's consolidated financial statements only to the extent of interests in the associates or joint ventures that are not related to the Group.

VIII. Revenue recognition

A. Sale of Goods

The Group recognizes revenue when control over the promised goods or services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

The Group has generally concluded that it is the principal in its revenue arrangements as it typically controls the goods or services before transferring them to the customer

Revenue is adjusted for variable consideration such as discounts, rebates, refunds, credits, price concessions, incentives, or other similar items in a contract when they are highly probable to be provided. The amount of revenue excludes any amount collected on behalf of third parties.

The Group recognises revenue generally at the point in time when the products are delivered to customer or when it is delivered to a carrier for export sale, which is when the control over product is transferred to the customer. In contracts where freight is arranged by the Group and recovered from the customers, the same is treated as a separate performance obligation and revenue is recognized when such freight services are rendered.

In revenue arrangements with multiple performance obligations, the Group accounts for individual products and services separately

if they are distinct - i.e. if a product or service is separately identifiable from other items in the arrangement and if a customer can benefit from it. The consideration is allocated between separate products and services in the arrangement based on their stand-alone selling prices. Revenue from sale of by products are included in revenue.

Revenue from sale of power is recognised when delivered and measured based on the bilateral contractual arrangements.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration.

ii. Trade receivables

A receivable is recognised when the goods are delivered and to the extent that it has an unconditional contractual right to receive cash or other financial assets (i.e., only the passage of time is required before payment of the consideration is

Trade receivables is derecognised when the Group transfers substantially all the risks and rewards of ownership of the asset to another party including discounting of bills on a non-recourse basis.

iii. Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract including Advance received from Customer

iv. Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Company ultimately expects it will have to return to the customer including volume rebates and discounts. The Company updates its estimates of refund liabilities at the end of each reporting period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

B. Construction contracts

When the outcome of a construction contract can be estimated reliably, revenue and costs are recognized by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Variations in contract work, claims and incentives payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognized to the extent of contract cost incurred that it is probable will be recoverable. Contract costs are recognized as an expense in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognized as an expense immediately.

C. Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

IX. Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases.

Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred

in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

The Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and rightof-use assets representing the right to use the underlying assets.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term is as follows:

| Class of assets | Years |
|-------------------|----------------|
| Leasehold land | 75 to 99 Years |
| Buildings | 3 to 30 years |
| Plant & Machinery | 3 to 15 years |

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. Right-of-use assets are subject to impairment test.

The Group accounts for sale and lease back transaction, recognising right-of-use assets and lease liability, measured at carrying value of assets transferred and rights retained on the lease commencement date. Gain or loss on the sale transaction is recognised in statement of profit and loss

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value quarantees.

As at and for the year ended 31 March 2025

The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments. the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered of low value (i.e., below ₹ 5.00.000). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the

X. Foreign currencies

The functional currency of the Company and its subsidiaries is determined on the basis of the primary economic environment in which it operates. The functional currency of the Company is Indian National Rupee (INR).

In preparing the financial statements of each individual Group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the XI. Borrowing costs dates of the transactions. At the end of each reporting year, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in Statement of Profit and Loss in the year in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- exchange differences on transactions entered into in order to hedge certain foreign currency risks (see below the policy on hedge accounting in 2 (XXII) (C)
- exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to Statement of Profit and Loss on repayment of the monetary items: and

For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into INR using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and attributed to non-controlling interests as appropriate).

Goodwill, capital reserve on bargain purchase and fair value adjustments to identifiable assets acquired and liabilities assumed through acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the rate of exchange prevailing at the end of each reporting period. Exchange differences arising are recognised in other comprehensive income.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use

All other borrowing costs are recognised in the Consolidated Statement of Profit and Loss in the year in which they are incurred.

The Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the year less

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditures on that asset.

Borrowing Cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

XII. Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in the Consolidated Statement of Profit and Loss on a systematic basis over the years in which the Group recognises as expenses the related costs for which the grants are intended to compensate or when performance obligations are met.

The benefit of a government loan at a below-market rate of interest and effect of this favorable interest is treated as a government grant. The Loan or assistance is initially recognized at fair value and the government grant is measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates and recognised to the Consolidated Statement of Profit and Loss immediately on fulfillment of the performance obligations. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

Government incentives includes grants on account of duty saved on import of capital goods and spares (property, plant and equipment) under the EPCG (Export Promotion Capital Goods) scheme. Under such scheme, the Company is committed to export prescribed times of the duty saved on import of capital goods over a specified period of time. In case such commitments are not met, the Company would be required to pay the duty saved along with interest to the regulatory authorities.

XIII. Employee benefits

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting year.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the Consolidated Balance Sheet with a charge or credit recognised in other comprehensive income in the year in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to Consolidated Statement of Profit and Loss. Past service cost is recognised in Consolidated Statement of Profit and Loss in the year of a plan amendment or when the Group recognizes corresponding restructuring cost whichever is earlier. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. Defined benefit costs are categorised as follows:

- 1. service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- 2. net interest expense or income; and
- 3. re-measurement

The Group presents the first two components of defined benefit costs in Consolidated Statement of Profit and Loss in the line item 'Employee benefits expenses'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognised in the Consolidated Balance Sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick / contingency leave in the year the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits, are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value

As at and for the year ended 31 March 2025

of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

XIV. Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 40.

The fair value determined at the grant date of the equitysettled share-based payments is expensed on a straightline basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting year, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Consolidated Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

The Company has created an Employee Benefit Trust for providing share-based payment to its employees. The Company uses the Trust as a vehicle for distributing shares to employees under the employee remuneration schemes. The Trust buys shares of the Company from the market, for giving shares to employees. The Company treats Trust as its extension and shares held by the Trust are treated as treasury shares.

Own equity instruments that are reacquired (treasury shares) are recognized at cost and deducted from Equity. No gain or loss is recognized in profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in capital reserve. Share options exercised during the reporting year are satisfied with treasury shares.

XV. Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

Current tax is the amount of expected tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws in the countries where the Group operates and generates taxable income.

Deferred tax

Deferred tax is recognised using the balance sheet approach on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. Further, deferred tax is not recognized on the items that does not give rise to equal taxable and deductible temporary differences. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries, joint ventures and associates, except where the company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year in which the liability is settled or the asset realised, based

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting year.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax for the year

Current and deferred tax are recognised in consolidated statement of profit and loss, except when they are relating to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

XVI. Property, plant and equipment

Property, plant and equipment is stated at cost or deemed cost applied on transition to Ind AS, less accumulated depreciation and impairment. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the year in which the costs are incurred. Major shut-down and overhaul expenditure is capitalised as the activities undertaken improves the economic benefits expected to arise from the asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

Assets in the course of construction are capitalised in the assets under Capital work in progress. At the point when an asset is operating at management's intended

use, the cost of construction is transferred to the appropriate category of property, plant and equipment and depreciation commences. Costs associated with the commissioning of an asset and any obligatory decommissioning costs are capitalised where the asset is available for use but incapable of operating at normal levels revenue (net of cost) generated from production during the trial period is capitalised.

Property, plant and equipment except freehold land held for use in the production, supply or administrative purposes, are stated in the consolidated balance sheet at cost less accumulated depreciation and accumulated impairment losses, if any,

The Group has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements on transition to Ind AS measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Depreciable amount for assets is the cost of an asset. or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in respect of following categories of assets located in India, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

| Class of assets | Years |
|--|----------------|
| Buildings | 10 to 60 years |
| Plant and equipment | 8 to 60* years |
| Work-rolls (shown under Plant and equipment) | 1 to 5 years |
| Furniture and fixtures | 8 to 15 years |
| Vehicles and aircrafts | 8 to 20 years |
| Office equipment | 8 to 15 years |

* The Company believe that the useful lives as given above best represent the period over which the Company expects to use these assets. Hence the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013

When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives.

Freehold land and leasehold land where the lease is convertible to freehold land under lease agreements at future dates at no additional cost, are not depreciated.

As at and for the year ended 31 March 2025

Major overhaul costs are depreciated over the estimated life of the economic benefit derived from the overhaul. The carrying amount of the remaining previous overhaul cost is charged to the Statement of Profit and Loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

The Group reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

Depreciation on the property, plant and equipment of the Company's foreign subsidiaries and jointly controlled entities has been provided on straight-line method as per the estimated useful life of such assets as follows:

| Class of assets | Years |
|------------------------|----------------|
| Buildings | 15 to 50 years |
| Plant and machinery | 3 to 30 years |
| Furniture and fixtures | 3 to 10 years |
| Vehicles and aircrafts | 4 to 5 years |
| Office equipment | 3 to 10 years |

XVII. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting year, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

| Class of assets | Years |
|--------------------------------|----------------------------|
| Computer software and licenses | 3 to 5 years |
| Technical know-how | Not more than 10 years |
| Licenses (including patenets) | Over the period of license |

Mining assets are amortised using the unit of production method over the entire lease term.

The Group has elected to continue with carrying value of all its intangible assets recognised as on transition

date measured as per the previous GAAP and use that carrying value as its deemed cost as of transition date.

XVIII. Mining Assets

Acquisition costs

The cost of Mining Assets capitalised includes costs associated with acquisition of licenses and rights to explore, stamp duty, registration fees and other such costs.

Bid premium and royalties payable with respect to mining operations is contractual obligation. The said obligations are variable and linked to market prices. The Company has accounted for the same as expenditure on accrual basis as and when related liability arises as per respective agreements/ statute.

Exploration and evaluation

Exploration and evaluation expenditure incurred after obtaining the mining right or the legal right to explore are capitalised as exploration and evaluation assets (intangible assets) and stated at cost less impairment. Exploration and evaluation assets are assessed for impairment when facts and circumstances suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount.

The Company measures its exploration and evaluation assets at cost and classifies as Property, plant and equipment or intangible assets according to the nature of the assets acquired and applies the classification consistently. To the extent that tangible asset is consumed in developing an intangible asset, the amount reflecting that consumption is capitalised as a part of the cost of the intangible asset.

Exploration expenditure includes all direct and allocated indirect expenditure associated with finding specific mineral resources which includes depreciation and applicable operating costs of related support equipment and facilities and other costs of exploration activities:

General exploration costs - costs of surveys and studies, rights of access to properties to conduct those studies (e.g., costs incurred for environment clearance, defense clearance, etc.), and salaries and other expenses of geologists, geophysical crews and other personnel conducting those studies.

Costs of exploration drilling and equipping exploration - Expenditure incurred on the acquisition of a license interest is initially capitalised on a license-by-license basis. Costs are held, undepleted, within exploration and evaluation assets until such time as the exploration phase on the license area is complete or commercial reserves have been discovered

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

Stripping cost

Developmental stripping costs in order to obtain access to quantities of mineral reserves that will be mined in future periods are capitalised as part of mining assets. Capitalisation of developmental stripping costs ends when the commercial production of the mineral reserves begins.

Production stripping costs are incurred to extract the ore in the form of inventories and/or to improve access to an additional component of an ore body or deeper levels of material. Production stripping costs are accounted for as inventories to the extent the benefit from production stripping activity is realized in the form of inventories.

Other production stripping cost incurred are charged in the consolidated statement of profit and loss.

Developmental stripping costs are presented within mining assets. After initial recognition, stripping activity assets are carried at cost less accumulated amortisation and impairment. The expected useful life of the identified component of the ore body is used to depreciate or amortise the stripping asset.

Site restoration, rehabilitation and environmental costs.

Provision is made for costs associated with restoration and rehabilitation of mining sites as soon as the obligation to incur such costs arises. Such restoration and closure costs are typical of extractive industries and they are normally incurred at the end of the life of the mine. The costs are estimated on the basis of mine closure plans and the estimated discounted costs of dismantling and removing these facilities and the costs of restoration are capitalised. The provision for decommissioning assets is based on the current estimates of the costs for removing and decommissioning production facilities, the forecast timing of settlement of decommissioning liabilities and the appropriate discount rate. A corresponding provision is created on the liability side. The capitalised asset is charged to consolidated statement of profit and loss over the life of the asset through amortisation over the life of the operation and the provision is increased each period via unwinding the discount on the provision. Management estimates are based on local legislation and/or other agreements are reviewed periodically.

The actual costs and cash outflows may differ from estimates because of changes in laws and regulations, changes in prices, analysis of site conditions and changes in restoration technology. Details of such provisions are set out in note 25.

XIX. Impairment of Non-financial assets

At the end of each reporting year, the Group reviews the carrying amounts of its property, plant and equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not vet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use. the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cashgenerating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cashgenerating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Consolidated Statement of Profit and Loss.

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the consolidated statement of profit and loss immediately.

XX. Inventories

Inventories are stated at the lower of cost and net realisable value

As at and for the year ended 31 March 2025

Cost of raw materials include cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of semi-finished / finished goods and work in progress include cost of direct materials and labor and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost of semi-finished iron ore inventory at mines includes a proportion of cost of mining and other manufacturing overheads depending on stage of completion of related activities. Cost of finished iron ore inventory includes cost of mining, bid premium, royalty, other statutory levies and other manufacturing expenses. Cost of traded goods include purchase cost and inward freight. Costs of inventories are determined on weighted average basis.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Incase of finished iron ore inventory at mines, estimated cost includes any bid premium, royalties and other statutory levies payable to the authorities.

Provisions are made to cover slow moving and obsolete items (stores & spares) based on its periodically revisited historical trend of utilization at each manufacturing unit.

XXI. Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. However, before a separate provision for an onerous contract is established, the Company recognises any write down that has occurred on assets dedicated to that contract. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting

the obligations under the contract exceed the economic benefits expected to be received from the contract. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it. The cost of fulfilling a contract comprises the costs that relate directly to the contract (i.e., both incremental costs and an allocation of costs directly related to contract activities).

XXII. Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Consolidated Statement of Profit and Loss. Trade receivables that do not contain a significant financing component are measured at transaction cost.

A. Financial assets

Recognition and initial measurement

A financial asset is initially recognised at fair value and, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. Purchases and sales of financial assets are recognised on the trade date, which is the date on which the Group becomes a party to the contractual provisions of the instrument.

b) Classification of financial assets

Financial assets are classified, at initial recognition and subsequently measured at amortised cost, fair value through other comprehensive income (OCI) and fair value through profit and loss.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- ▶ The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- ▶ The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

(i) Debt instruments

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognised at FVTPL;

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets: and
- ▶ The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the Other Comprehensive Income (OCI). However, the Group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Consolidated Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Consolidated Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

(ii) Equity Instruments

All equity investments in scope of Ind AS 109 Financial Instruments are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 Business Combinations applies are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. The equity instruments which are strategic investments and held for long term purposes are classified as FVTOCI.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Consolidated Statement of Profit and Loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Consolidated Statement of Profit and Loss.

All other financial assets are classified as measured at FVTPL

In addition, on initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces and accounting mismatch that would otherwise arise.

Financial assets at FVTPL are measured at fair value at the end of each reporting year, with any gains and losses arising on remeasurement recognized in consolidated statement of profit and loss. The net gain or loss recognized in consolidated statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the other income' line item. Dividend on financial assets at FVTPL is recognized when:

- ▶ The Group's right to receive the dividends is established.
- It is probable that the economic benefits associated with the dividends will flow to the entity,

c) Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

d) Impairment of financial assets

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Group measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous year, but determines at the end of a reporting year that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous year, The Group again measures the loss allowance based on 12-month expected credit losses.

As at and for the year ended 31 March 2025

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated creditimpaired financial assets). The Group estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, The Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognised in other

comprehensive income and is not reduced from the carrying amount in the balance sheet.

The Group has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Group expects to recover the carrying amount of these assets.

e) Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant year. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter year, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in the consolidated statement of profit and loss and is included in the 'Other income' line item.

B. Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a Group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Consolidated Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

c) Financial liabilities

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'financial liabilities' at amortised cost.

Financial liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

A financial liability is classified as held for trading

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- > such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- ▶ the financial liability forms part of a group of financial assets or financial liabilities or both. which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that
- > it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in Consolidated Statement of Profit and Loss. The net gain or loss recognised in Consolidated Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the Consolidated Statement of Profit and Loss. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognised in OCI.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Consolidated Statement of Profit and Loss.

Other financial liabilities:

The Group enters into deferred payment arrangements (acceptances) whereby overseas lenders such as banks and other financial institutions make payments to supplier's banks

for import of raw materials and property, plant and equipment. The banks and financial institutions are subsequently repaid by the Group at a later date providing working capital benefits. These arrangements are in the nature of credit extended in normal operating cycle and these arrangements for raw materials are recognized as Acceptances (under trade payables) and arrangements for property, plant and equipment are recognised as borrowings. Interest borne by the Group on such arrangements is accounted as finance cost. Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities:

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Consolidated Statement of Profit and Loss.

Derivative instruments and hedge accounting

Derivative financial instruments

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate, commodity price and foreign exchange rate risks, including foreign exchange forward contracts, commodity forward contracts, interest rate swaps and cross currency swaps.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting year. The resulting gain or loss is recognised in Consolidated Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Consolidated Statement of Profit and Loss depends on the nature of the hedge item.

Embedded derivatives

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract - with the effect that

As at and for the year ended 31 March 2025

some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided in the case of a non-financial variable that the variable is not specific to a party to the contract. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit

If the hybrid contract contains a host that is a financial asset within the scope of Ind AS 109, the Group does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value though profit and loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit and loss, unless designated as effective hedging instruments.

Hedge accounting

The Group designates certain hedging instruments, which include derivatives, embedded derivatives and non-derivatives in respect of foreign currency, interest rate and commodity risk, as either cash flow hedge, fair value hedge or hedges of net investments in foreign operations. Hedges of foreign currency risk on firm commitments are accounted for as cash flow hedges.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to hedged risk.

(i) Fair value hedges

Changes in fair value of the designated portion of derivatives that qualify as fair value

hedges are recognized in the Consolidated Statement of Profit and Loss immediately. together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to hedged risk are recognized in the Consolidated Statement of Profit and Loss in the line item relating to the hedged item.

The Group designates only the spot component for derivative instruments in fair value hedging relationship. The Group defers changes in the forward element of such instruments in hedging reserve and the same is amortised over the period of the contract.

When the Group designates only the intrinsic value of the option as the hedging instrument. it accounts for the changes in the time value in OCI. This amount is being removed from OCI and recognised in consolidated statement of profit and loss, either over the period of the hedge if the hedge is time related, or when the hedged transaction affects consolidated statement of profit and loss if the hedge is transaction related.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. For fair value hedges relating to items carried at amortised cost, the fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit and loss from that date.

(ii) Cash flow hedges

The effective portion of changes in fair value of derivatives and non-derivatives that are designated and qualify as cash flow hedges is recognized in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in Consolidated Statement of Profit and Loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to profit and loss in the years when the hedged item affects profit and loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

non-financial liability, such gains or losses are transferred from equity (but not as a reclassification adjustment) and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit and loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in profit and loss.

(iii) Hedges of net investments in a foreign operation

Hedges of net investments in a foreign operation, including a hedge of a monetary item that is accounted for as part of the net investment, are accounted for in a way similar to cash flow hedges. Gains or losses on the hedging instrument relating to the effective portion of the hedge are recognised in other comprehensive income and accumulated under the heading of foreign currency translation reserve. The gains or losses relating to the ineffective portion are recognised immediately in the profit or loss.

Gains and losses on the hedging instrument relating to the effective portion of the hedge accumulated in the foreign currency translation reserve are reclassified to Consolidated Statement of Profit and Loss on the disposal of the foreign operation.

XXIII. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of directors of the Company has been identified as the Chief Operating Decision Maker which reviews and assesses the financial performance and makes the strategic decisions.

XXIV. Cash and cash equivalents:

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to known amount of cash and which are subject to insignificant risk of changes in value.

For the purpose of the Consolidated Statement of cash flows, cash and cash equivalent consists of cash and short-term deposits, as defined above.

XXV. Earnings per share:

Basic earnings per share is computed by dividing the profit and loss after tax after tax for the year attributable to owners of the Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit or (loss) after tax as adjusted for dividend. interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares including the treasury shares held by the Company to satisfy the exercise of the share options by the employees.

XXVI. Acceptances:

The Group enters into deferred payment arrangements (acceptances) whereby local and overseas lenders such as banks and other financial institutions make payments to supplier's banks for import of raw materials and property, plant and equipment. The banks and financial institutions are subsequently repaid by the Group at a later date providing working capital benefits. These arrangements are in the nature of credit extended in normal operating cycle and these arrangements for raw materials are recognised as Acceptances and arrangements for property, plant and equipment are recognised as borrowings. Interest borne by the Group on such arrangements is accounted as finance cost. Acceptances are subsequently measured at amortised cost using the effective interest method. Payments made by banks and financial institutions to the operating vendors are treated as a non-cash item and settlement of acceptances by the Group is treated as cash flows from operating activity reflecting the substance of the payment.

3. Key sources of estimation uncertainty and critical accounting judgements

In the course of applying the policies outlined in all notes under section 2 above, the Company is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates

ISW STEEL | 573

As at and for the year ended 31 March 2025

and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimate is revised if the revision affects only that year, or in the year of the revision and future year, if the revision affects current and future year.

A) Key sources of estimation uncertainty

i) Useful lives of property, plant and equipment

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. This reassessment may result in change in depreciation and amortisation expected in future periods.

Impairment of investments in joint ventures and associates

Determining whether the investments in joint ventures and associates are impaired requires an estimate in the value in use of investments. In considering the value in use, the management have anticipated the future commodity prices, capacity utilization of plants, operating margins, mineable resources and availability of infrastructure of mines, discount rates and other factors of the underlying businesses / operations of the investee companies as more fully described in note 49. Any subsequent changes to the cash flows due to changes in the above mentioned factors could impact the carrying value of investments.

iii) Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystalising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized. The cases which have been determined as remote by the Group are not disclosed.

Contingent assets are neither recognized nor disclosed in the financial statements unless when an inflow of economic benefits is probable.

iv) Fair value measurements of financial assets /

When the fair values of financial assets or financial liabilities recorded or disclosed in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility.

v) Impairment of Goodwill

Determining whether the goodwill acquired in business combinations are impaired, requires an estimate of recoverable amount of the Group's cash Generating unit (or groups of cash generating units). In considering the recoverable value of cash generating unit, the management have anticipated the future benefits to arise from commodity prices, capacity utilization of plants, mineable resources and availability of infrastructure of mines, discount rates and other factors of the underlying unit. If the recoverable amount of cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any Impairment loss for goodwill is recognised directly in the Consolidated Statement of Profit and Loss.

vi) Provision for site restoration

Provision for site restoration are estimated caseby-case based on available information, taking into account applicable local legal requirements. The estimation is made using existing technology, at current prices, and discounted using an appropriate discount rate where the effect of time value of money is material. Management reviews all assumptions periodically and any changes is accounted accordingly.

vii) Taxes

Pursuant to the announcement of the changes in the corporate tax regime, the Companies have an option to either opt for the new tax regime or continue to pay taxes as per the old tax regime together with the other benefits available to the Companies including utilisation of the MAT credit. During the previous year the Company had elected to exercise the option permitted under Section 115BAA of the Income Tax Act, 1961 to pay corporate income tax at 22% plus surcharge and

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

cess (aggregating to tax rate of 25.17%) from the financial year 2022-23. Accordingly, the Company has measured its current tax and deferred tax charge for the year ended 31 March 2023 basis the new tax regime and recognised a non-cash tax charge of ₹ 1,031 crores pertaining to earlier years mainly representing write off of MAT credit not availed and change in tax rate on deferred tax assets of the Company during the previous year (refer note 26).

viii) Net Realisable Value for Inventory of Mining Operations

Iron Ore inventory held for Captive use in the production are not written down below cost as finished products in which they will be consumed are expected to be sold at or above cost. Inventory which is expected to be sold to third party is only considered for provision which is computed by comparing Net realisable value and cost. The estimation for percentage of inventory used for captive purpose or to be sold to third party is made using latest trends of third party and captive sales sales order on hand and management judgement.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. In case of iron ore inventory from mining operations estimated cost includes any royalty and duties payable to the authorities.

ix) Assessment of Onerous contract for a mine

No provision for onerous contract is ascertained for a mine basis the estimates including that the iron ore extracted will be consumed internally, anticipated improved grade in balance mining reserves and reduction in MDPA commitment through government approval. The estimates have been made considering the future expansion plans, additional time allowed for removal of iron ore after expiry of lease period, grade ascertained in the drilling samples of the unexplored areas of the mines using the orebody modelling and the representation made to the authorities. Any change in the above estimates may impact the assessment.

x) Defined benefit plans

The Company's defined benefit obligations are subject to a number of assumptions including discount rates, inflation, salary growth and mortality rate. Significant assumptions are required when setting these criteria and a change in these assumptions would have a significant impact on the amount recorded in the Company's balance sheet and the statement of profit and loss. The Company sets these assumptions based on previous experience

and third party actuarial advice. The assumptions are reviewed annually and adjusted following actuarial and experience changes. Further details on the Company's employee benefit obligations, including key assumptions are set out in note 43.

B) Critical accounting judgements

i) Control over JSW Realty & Infrastructure Private Limited (RIPL)

RIPL has developed a residential township in Vijayanagar, Karnataka on the land taken on lease from the Company for a period of 30 years and provides individual housing units on rent to the employees of the Company or other group companies. RIPL is not allowed to sub-let or assign its rights under the arrangement without prior written consent of the Company. Though the Company does not hold any ownership interest in RIPL, the Company has concluded that the Company has practical ability to direct the relevant activities of RIPL unilaterally. considering RIPL's dependency on the Company for funding significant portion of its operation through subscription to 76.70% of preference share capital amounting to ₹ 360 crore issued by RIPL and significant portion of RIPL's activities.

ii) Determining the lease term of contracts with renewal and termination options - Company as

The Group determines the lease term as the noncancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

iii) Joint control over JSW Ispat Special Products Limited (formerly known as Monnet Ispat and Energy Limited)

The consortium of JSW Steel Limited and AION Investments Private II Limited completed the acquisition of JSW Ispat Special Products Limited

As at and for the year ended 31 March 2025

("JSWISPL") through their jointly controlled entity Creixent Special Steels Limited ("CSSL") on 31 August 2018. The Company has made an investment in the year 2018-19 of ₹ 375 crores through equity and redeemable preference shares in CSSL to acquire joint control in JSWISPL and have an effective shareholding of 23.1% in JSWISPL.

As per the Shareholding agreement, all the relevant activities of CSSL that affect the Company's variable returns from its involvement with CSSL/ JSWISPL have to be decided unanimously by a Steering Committee on which the Company has representation and thus the Company has concluded that it has joint control over CSSL. During the previous year, CSSL/ JSWISPL has amalgamated with the Company w.e.f 31 July 2023.

iv) Joint control over JSW One Platforms Limited (formerly known as 'JSW Retail Limited')

Pursuant to the Shareholder's agreement, JSW Steel Limited (JSWSL), JSW Paints Limited (JPL) (formerly known as JSW Paints Private Limited) and JSW Cement Limited (JSWCL) have been jointly controlling JSW One Platforms Limited ('JOPL') (formerly known as 'JSW Retail Limited'). In FY 2022-23, Mitsui and Co., Ltd. (Mitsui), had acquired 8.2% stake in JOPL, resulting in dilution of JSWSL's stake in JOPL by 5.99%.

JSWSL had made an investment of ₹ 188 crores through equity shares having an effective shareholding of 69.01% in JOPL. As per the revised shareholder's agreement among JSWSL, JPL, JSWCL and Mitsui, all the relevant activities of JOPL that affect its variable returns will continue to be decided unanimously by the representatives of JSWSL, JSWCL & JPL. However, Mitsui has certain protective rights under this shareholder's agreement. Thus, the Company had concluded that it has joint control over JOPL.

i) Joint control over M Res NSW HCC Pty Limited

The Group acquired 66.67% economic interest in M Res NSW HCC Pty Limited ("M Res") through its wholly owned subsidiary JSW Steel (Netherlands) B.V. by way of subscription to its non-voting class B shares.

Considering that Company holds 66.67% economic interest in M Res and as per the Shareholding agreement, unanimous consent is required for critical business matters. Thus, the Group has concluded that it has joint control over M Res.

ii) Significant influence over JSW Paints Limited (formerly known as JSW Paints Private Limited) ("JPL")

During the year ended 31 March 2024, pursuant to share subscription agreement (SSA) entered into with JPL on 23 July 2021, the Company made further equity investments in JPL amounting to ₹250 crores (between August 2023 to November 2023 in three tranches) resulting into increasing the shareholding of the Company in JPL to 12.85% (from 9.94% as at 31 March 2023).

As per SSA, the Company has a right to appoint a Director on the Board of JPL from the date its shareholding exceeds 10% and also the Company has material transactions with JPL. Considering the Company has a right to participate in the decision making process which may result into affecting the Company's variable returns. It is considered that there exists a significant influence over JPL. Accordingly, JPL is treated as an associate of the Company w.e.f 22 August 2023, i.e., the date from which the shareholding exceeded 10%.

iii) Incentives under the State Industrial Policy

a) The Group's unit in Dolvi Maharashtra is eligible for incentives under the respective State Industrial Policy and have been availing incentives in the form of VAT deferral / CST refunds historically. The Company currently recognises income for such government grants based on the State Goods & Service Tax rates instead of VAT rates, in accordance with the relevant notifications issued by the State of Maharashtra and the State of Karnataka post implementation of Goods & Services Tax (GST).

The Company is eligible for claiming incentives for investments made under the Industrial Policy of the Government of Maharashtra under PSI Scheme 2007 & PSI 1993 Scheme. The Group completed the Phase 1 expansion of 3.3 MTPA to 5 MTPA at Dolvi, Maharashtra in May 2016 and has also received the eligibility certificate for the same.

Further, the Company completed the second phase of expansion from 5 MTPA to 10 MTPA at Dolvi Maharashtra during the financial year 2021-22 and the Company has also received Eligibility Certificate for this investment relating to Phase 2 capacity expansion from 5 MTPA to 10

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

MTPA in FY 2022 - 23. Basis the above Eligibility certificate it has started availing incentives under the PSI 2007.

Further, a subsidiary of the Company is eligible for claiming incentives for investments made at Vasind, Tarapur and Kamleshwar location under the Industrial Policy of the Government of Maharashtra under PSI 2013 Scheme. The subsidiary Company has received the eligibility certificate for all the three locations from the Government of Maharashtra. Basis the eligibility certificate, the subsidiary company has recognized government grant for Vasind and Tarapur location w.e.f. 1 November 2022. As for Kalmeshwar location, the Company has accrued the government grant w.e.f 2 April 2024.

Accordingly, the group has recognised the cumulative grant income under PSI schemes amounting to ₹ 939 crores for the year ended 31 March 2025 (31 March 2024: ₹ 789 crores).

The State Government of Maharashtra (GOM) vide its Government Resolution (GR) dated 20 December 2018 issued the modalities for sanction and disbursement of incentives, under GST regime, and introduced certain new conditions / restrictions for accruing incentive benefits granted to the Group.

The management has evaluated the impact of other conditions imposed and has obtained legal advice on the tenability of these changes in the said scheme. Based on such legal advice, the Company has also made the representation to GOM and believes that said Incentives would continue to be made available to the Company under the GST regime, since the new conditions are not tenable legally and will contest these changes appropriately.

b) A subsidiary of the Group has accrued production linked incentives (PLI) under PLI scheme 1.0 announced on 29 July, 2021 for Tin mill products produced at Tarapur Manufacturing Facility in FY 2024-25 for the quantity sold in FY 2023-24 & 2024-25 based on achieving the investment and sale obligations as per the MOU signed with the Ministry of Steel and as per the PLI scheme quidelines

Accordingly, the group has recognised the cumulative grant income under PLI schemes amounting to ₹75 crores for the year ended 31 March 2025 (31 March 2024:

c) The Company's Vijayanagar unit in Karnataka is eligible for VAT/CST incentives under the New Industrial Policy 2009-14. As per the Government of Karnataka's notification dated 13 March, 2018, these incentives continue under the GST regime, with benefits now linked to the SGST rate in place of VAT. Accordingly, the Company has recognized the NPV of interest-free loans corresponding to SGST collected and paid up to 31 March, 2025.

Under the scheme, the Company is entitled to interest-free loans of 75% of eligible gross VAT for the first 10 years and 50% for the next 10 years, based on gross VAT paid on intra-state sales to end consumers. During the year, the Company received the sanction letter for FY 2022-23, where ₹ 148 crore was set aside, as SGST paid by buyers was lower than that paid by the Company, indicating consumption occurred outside Karnataka.

The management has reviewed the scheme criteria, obtained internal legal evaluation, and made representations to the Government of Karnataka. Based on this assessment, the Company believes the incentives remain valid and claim is recoverable.

Accordingly, the group has recognised deferred income on GST government / Sales Tax Loan amounting to ₹ 537 crores for the year ended 31 March 2025 (31 March 2025: ₹ 639 crores)

iv) Control / Significant influence over subcontractors

The Group enters into contracts with entities for supply of man power relating to plant operations, administrative activities and other business-related activities. These entities through their manpower perform activities as per the directions of the Group and have substantial portion of their operations with the Group. The Group does not hold any ownership interest in these entities. The Group believes that the Group does not have practical ability to direct the relevant activities of these companies and their operations are immaterial for consolidation purpose.

As at and for the year ended 31 March 2025

^{@ -} less than ₹ 0.50 crore

- g) The Company has capitalised certain assets amounting to ₹ 484 crores (₹ 477 Crores in 31 March 2024) with respect to storage facilities availed on lease. The assets amounting to ₹ 122 crores (31 March 2024: 109 crores) are on third party premises, however the Company holds the title.
- h) Pursuant to the Build Own Operate and Transfer agreement entered into on 5 April 2011 with JSW Projects Limited (JPL), JPL built and operated an integrated DRI unit, CDQ unit and a captive power plant (together referred to as the "BOOT facilities") till 31 March 2023 and transferred it to the Company during the previous year at a consideration of ₹858 crores. Since the agreement met the lease recognition criteria, the Company had recognised ROU assets and also the corresponding lease liabilities in the earlier years and amortised the same over the life of the asset.

During the previous year, consequent to the purchase, the Parent had transferred ROU assets amounting to ₹ 1,280 crores to property, plant and equipment.

i) During the current year, leasehold land amounting to ₹38 crores (2,420 acres) has been converted into freehold land and accordingly transferred from ROU assets to PPE.

As at and for the year ended 31 March 2025

Description of key assumptions considered for the value in use calculation

Steel plant at Mingo Junction, USA

The recoverable amount of steel plant is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the directors, and a pre-tax discount rate of 16.2% per annum (17.1% per annum for 31 March 2024). The discount rate commensurate with the risk specific to the projected cash flow and reflects the rate of return required by an investor.

Cash flow projections during the budget period are based on estimated steel production till FY 2029-30 and future prices of steel prices. The projections do not consider growth rate in production and price in terminal year.

Considering past trend of movement in steel prices, the management believes that the following changes in these key estimates would result into carrying amount exceeding the recoverable amount:

- a) Decrease in steel prices by 1% would result into change in recoverable value by ₹ 608 crores.
- b) Decrease in production quantities by 5% would result into change in recoverable value by ₹ 303 crores.

Steel plant at Raigarh

The recoverable amount of steel plant is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the directors, and a pre-tax discount rate of 13.8% per annum. The discount rate commensurate with the risk specific to the projected cash flow and reflects the rate of return required by an investor.

Cash flow projections during the budget period are based on estimated steel production till FY 2029-30 and future prices of steel prices. The projections do not consider growth rate in production and price in terminal year.

Considering past trend of movement in steel prices, the management believes that the following changes in these key estimates would result into carrying amount exceeding the recoverable amount:

- a) Decrease in steel prices by 1% would result into change in recoverable value by ₹319 crores.
- b) Decrease in production quantities by 5% would result into change in recoverable value by ₹324 crores.

Steel plant at Raipur

The recoverable amount of steel plant is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the directors, and a pre-tax discount rate of 13.4% per annum. The discount rate commensurate with the risk specific to the projected cash flow and reflects the rate of return required by an investor.

As at and for the year ended 31 March 2025

Cash flow projections during the budget period are based on estimated steel production till FY 2029-30 and future prices of steel prices. The projections do not consider growth rate in production and price in terminal year.

Considering past trend of movement in steel prices, the management believes that the following changes in these key estimates would result into carrying amount exceeding the recoverable amount:

- a) Decrease in steel prices by 1% would result into change in recoverable value by ₹95 crores.
- b) Decrease in production quantities by 5% would result into change in recoverable value by ₹94 crores.

Notes:

a) Pursuant to approval of Board of Directors of the Company in their meeting held on 12 August 2024, the Group acquired 66.67% economic interest in M Res NSW HCC Pty Ltd (M Res) through its wholly owned subsidiary JSW Steel (Netherlands) B.V. by way of subscription to its non-voting class B shares, at a total consideration of USD 170 million (including deferred consideration payable in February 2030 of USD 50 million, the present value of which is USD 35 million).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

M Res subsequently on 29 August 2024, acquired 30% equity stake in Golden M NSW Pty Ltd, a special purpose vehicle formed in joint venture with Golden Investments (Australia) III Pte. Ltd. to acquire the Illawarra Metallurgical Coal Business of South 32 Limited which consists of Appin and Dendrobium coking coal mines and associated infrastructure at New South Wales, Australia.

Considering that the Company holds 66.67% economic interest in M Res and unanimous consent is required for critical business matters, M Res has been classified as a joint venture of the Group w.e.f 16 August 2024. The purchase consideration paid/ payable has been allocated on a provisional basis in accordance with the Ind AS 103 "Business Combinations" pending the final determination of fair value of the acquired assets and liabilities. Accordingly, the Group has recognised goodwill of ₹ 171 Crores (USD 20 million).

b) During the year, the Company through the joint venture's subsidiary, namely, JSquare Electrical Nashik Steel Private Limited acquired 100% shares of JSW JFE Electrical Steel Nashik Private Limited ("J2ES Nashik") (formerly known as thyssenkrupp Electrical Steel India Private Limited) from thyssenkrupp Electrical Steel GmbH and thyssenkrupp Electrical UGO S.A.S. pursuant to Share Purchase Agreement dated 18 October 2024, at a net consideration of ₹ 4,004 crores. J2ES Nashik is engaged in the manufacture of Electrical Steel Cold Rolled Grain Oriented Electrical Steel ("CRGO") (hereinafter referred to as the "Finished Goods"), which is a speciality material used wherever electrical energy is required to be efficiently converted, transported, and used, such as in transformers, electric motors, inductors, chokes and in large high-performance generators. The finished goods are used in various industries due to its unique and exceptional magnetic properties.

The purchase consideration paid/payable by J2ES Nashik has been allocated on a provisional basis in accordance with the Ind AS 103 "Business Combinations" pending the final determination of fair value of the acquired assets and liabilities and accordingly the Company's share in the goodwill amounting to ₹ 579 crores is included in the carrying amount of the said investment.

In accordance with the Share Subscription agreement entered into with JSW Paints Limited on 23 July 2021, the Company had agreed to invest ₹ 750 crores in JSW Paints Limited. The Company has invested ₹ 750 crores and has been allotted 29,482,565 equity shares upto 31 March 2025. The total equity investment approximates to 12.85% (previous year 12.85%) of the issued and paid-up equity capital of JSW Paints Limited. Pursuant to the Company's shareholding exceeding 10% of the equity capital of JSW Paints Limited, it has become an associate of the entity w.e.f. 22 August 2023 and the classification of investment has changed from investment in others at Fair value through Other Comprehensive income to investment in associates at deemed cost.

The fair value of the investment appearing in the books of account as on 22 August 2023 of $\ref{190}$ crores is considered as the deemed cost of acquisition and the fair value changes of $\ref{190}$ crores (net of tax) previously recognized through other comprehensive income are transferred to retained earnings. As per IND AS 103, purchase consideration has been allocated basis the fair value of the acquired assets and liabilities carried out by an independent valuation expert which includes goodwill of $\ref{190}$ 898 crores.

a) Maharashtra Electricity Regulation Commission (MERC) had approved levy of additional surcharge of ₹ 1.25/kWh w.e.f. 1 September 2018 to all the consumers sourcing power from Captive power plants. Group had contested the demand and got a favorable judgement from Appellate Tribunal for Electricity ('APTEL') in March 2019. MERC then filed special leave petition ('SLP') in the Honourable Supreme Court against APTEL's decision. The Honourable Supreme Court passed an order in favour of the Company on 10 December 2021 confirming that the captive users are not liable to pay the additional surcharge leviable under Section 42(4) of the Electricity Act, 2003. The Group has been adjusting the amount paid under dispute towards 50% of the monthly transmission charges payable by the Company.

Accordingly, ₹ 101 crores (31 March 2024: ₹ 73 crores) has been classified as current and remaining ₹ 417 crores (31 March 2024: ₹ 429 crores) has been classified as non-current assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

b) The Company had received a demand from Maharashtra State Electricty Distribution Co. Limited ('MSEDCL') for Electricity Duty (ED), covering the payment of principal arrears for the recovery of ED from August 2019 to June 2023, which includes both the non-exempted portion and the exempted portion of ED. The Company submitted a letter to the Principal Secretary (Energy) requesting an exemption for ED based on the Eligibility Certificate for Phase II. The matter is currently under review by the Joint Secretary (Energy). To date, the Company has paid the duty on exempted portion and has recorded these payments as "under protest." Further basis legal opinion obtained, reading of the PSI 2007 scheme and eligibility certificate, the Company is eligible for ED exemption. Accordingly, the amount of ₹789 crores has been recorded as non-current assets under prepayment and others.

15. Inventories

| | | (₹ in crores) |
|--|------------------------|------------------------|

The credit period on sales of goods ranges from 7 to 120 days with or without security. The Group charges interest on receivable beyond credit period in case of certain customers.

Before accepting any new customer, the Group uses various parameters to assess the potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customers are reviewed once a year.

The Group does not generally hold any collateral or other credit enhancements over these balances nor does it have a legal right to offset against any amounts owed by the Group to the counterparty.

Trade receivable have been given as collateral towards borrowings, the details relating to which has been described in note 22 and 28.

Credit risk management regarding trade receivables has been described in note 44 (I).

Trade receivables from related party has been disclosed in note 45.

Trade receivables does not include any receivables from directors and officers of the company.

a) Shares Held Under ESOP Trust:

The Group has created an Employee Stock Ownership Plan (ESOP) for providing share-based payment to its employees.

ESOP is the primary arrangement under which shared plan service incentives are provided to certain specified employees of the company and its subsidiaries in India. For the purpose of the scheme, the Company purchases shares from the open market under ESOP trust. The Company treats ESOP trust as its extension and shares held by ESOP trust are treated as treasury shares.

For the details of shares reserved for issue under the Employee Stock Ownership Plan (ESOP) of the Parent (refer note 40).

Nature and purpose of reserve

General reserve

Under the erstwhile Indian Companies Act 1956, a general reserve was created through an annual transfer of net income at a specified percentage in accordance with applicable regulations. The purpose of these transfers was to ensure that if a dividend distribution in a given year is more than 10% of the paid-up capital of the Company for that year, then the total dividend distribution is less than the total distributable results for that year.

Consequent to introduction of Companies Act 2013, the requirement to mandatory transfer a specified percentage of the net profit to general reserve has been withdrawn and the Company can optionally transfer any amount from the surplus of profit or loss account to the general reserves. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

Retained earnings

Retained earnings are the profits that the Group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. Retained earnings includes re-measurement loss / (gain) on defined benefit plans, net of taxes that will not be reclassified to Consolidated Statement of Profit and Loss. Retained earnings is a free reserve available to the Group.

(iii) Equity instruments through other comprehensive income

The Group has elected to recognise changes in the fair value of certain investment in equity instrument in other comprehensive income. This amount will be reclassified to retained earnings on derecognition of equity instrument.

(iv) Effective portion of cash flow hedges

Effective portion of cash flow hedges represents the cumulative effective portion of gains or losses arising on changes in fair value of hedging instruments entered into for cash flow hedges, which shall be reclassified to profit or loss only when the hedged transaction affects the profit or loss, or included as a basis adjustment to the nonfinancial hedged item, consistent with the Group accounting policy.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

(v) Foreign currency translation reserve

Exchange differences relating to the translation of the results and net assets of the Group's foreign operations from their functional currencies to the Group's presentation currency (i.e. Indian rupees) are recognised directly in other comprehensive income and accumulated in the foreign currency translation reserve. Gains and losses on hedging instruments that are designated as hedging instruments for hedges of net investments in foreign operations are included in the foreign currency translation reserve. Exchange differences previously accumulated in the foreign currency translation reserve (in respect of translating both the net assets of foreign operations and hedges of foreign operations) are reclassified to profit or loss on the disposal of the foreign operation.

(vi) Equity settled share-based payment reserve

The Group offers Employee Stock Ownership Plan (ESOP), under which options to subscribe for the Company's shares have been granted to certain employees and senior management of JSW Steel and its subsidiaries. The share-based payment reserve is used to recognise the value of equity settled share-based payments provided as part of the ESOP scheme

(vii) Capital reserve

Reserve is created primarily on amalgamation as per statutory requirement. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

(viii) Capital redemption reserve

Reserve is created on redemption of preference shares as per statutory requirement. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

(ix) Capital reserve on bargain purchase

The excess of fair value of net assets acquired over the consideration paid in a business combination is recognised as capital reserve on bargain purchase. The reserve is not available for distribution.

(x) Securities Premium

Securities Premium is credited when shares are issued at premium including non-cash transaction. This reserve is utilised in accordance with the specific provisions of the Companies Act 2013.

Incase of a subsidiary, the integrated commissioning of the 5 mtpa Steel Plant of the subsidiary took longer than the timelines anticipated at the time of availing certain foreign currency term loans. Accordingly, the subsidiary had obtained relaxation/ waiver from the respective lending banks after the end of the reporting period, with respect to two out of four financial covenants which were applicable as at 31 March 2025. Based on such relaxation/waiver, these foreign currency loans have continued to be disclosed as non-current borrowing as at 31 March 2025.

[#] Site restoration expenditure is incurred on an ongoing basis until the closure of the site. The actual expenses may vary based on the nature of restoration and the estimate of restoration expenditure.

26. Income Tax

India

Indian companies are subject to Indian income tax on a standalone basis. For each fiscal year, the respective entities profit or loss is subject to the higher of the regular income tax payable or the Minimum Alternative Tax ("MAT").

Statutory income taxes are assessed based on book profits prepared under generally accepted accounting principles in India adjusted in accordance with the provisions of the (Indian) Income Tax Act, 1961. Statutory income tax is charged at 30% plus a surcharge and education cess with tax benefits or 22% plus a surcharge and education cess.

MAT is assessed on book profits adjusted for certain items as compared to the adjustments followed for assessing regular income tax under normal provisions. MAT for the fiscal year 2023-24 is 15% plus a surcharge and education cess. MAT paid in excess of regular income tax during a year can be set off against regular income taxes within a period of fifteen years succeeding the fiscal year in which MAT credit arises subject to the limits prescribed.

Business loss can be carried forward for a maximum period of eight assessment years immediately succeeding the assessment year to which the loss pertains. Unabsorbed depreciation can be carried forward for an indefinite period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

United States of America (USA)

Some of the subsidiaries of the Group are a C corporation for federal tax purposes and files a consolidated tax return. The subsidiaries records income taxes pursuant to the liability method and the applicable tax rate is 21%.

The subsidiaries in Italy records income taxes pursuant to the liability method. The nominal tax rates in Italy are 24% for the Income Tax of the Companies (IRES) and 3.9% for the Regional Tax on Productive Activities (IRAP), calculated on a different

The Group offsets deferred tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and relates to income taxes levied by the same tax authority.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

Deferred tax assets on carry forward business loss/ unabsorbed depreciation have been recognised to the extent of deferred tax liabilities on taxable temporary differences available. It is expected that any reversals of the deferred tax liability would be offset against the reversal of the deferred tax asset at respective entities.

The deferred tax liabilities on temporary differences associated with investment in subsidiaries which have not been recognised aggregate to ₹ 3,036 crores (31 March 2024: ₹ 3,080 crores), where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Expiry schedule of losses on which deferred tax assets is not recognised is as under:

| / = | in | crores) | |

^{*}includes income from scrap sales, CST incentive etc.

Notes:

a) The Group unit at Dolvi in Maharashtra is eligible for incentives under the respective State Industrial Policy and have been availing incentives in the form of VAT deferral / CST refunds historically. The Group currently recognises income for such government grants based on the State Goods & Service Tax rates instead of VAT rates, in accordance with the relevant notifications issued by the State of Maharashtra post implementation of Goods & Services Tax (GST).

The Company is eligible for claiming incentives for investments made under the Industrial Policy of the Government of Maharashtra under PSI Scheme 2007 & PSI 1993 Scheme. The Company completed the Phase 1 expansion of 3.3 MTPA to 5 MTPA at Dolvi, Maharashtra in May 2016 and has also received the eligibility certificate for the same basis which it has started availing incentives under the PSI 2007 since then.

Further, the Company completed the second phase of expansion from 5 MTPA to 10 MTPA at Dolvi Maharashtra during the financial year 2021-22 and the Company has received interim Eligibility Certificate for the investment relating to Phase 2 capacity expansion from 5 MTPA to 10 MTPA in FY 2022-23.

Further, a subsidiary of the Group is eligible for claiming incentives for investments made at Vasind, Tarapur and Kamleshwar location under the Industrial Policy of the Government of Maharashtra under PSI 2013 Scheme. The subsidiary Company has received the eligibility certificate for all the three locations from the Government of Maharashtra. Basis the eligibility certificate, the subsidiary company has recognized government grant for Vasind and Tarapur location w.e.f. 1 November 2022. As for Kalmeshwar location, the Company has accrued the government grant w.e.f 2 April, 2024

Accordingly, the group has recognised the cumulative grant income under the PSI schemes amounting to ₹ 939 crores for the year ended 31 March 2025.

The State Government of Maharashtra (GOM) vide its Government Resolution (GR) dated 20 December 2018 issued the modalities for sanction and disbursement of incentives, under GST regime, and introduced certain new conditions / restrictions for accruing incentive benefits granted to the Company.

The management has evaluated the impact of other conditions imposed and has obtained legal advice on the tenability of these changes in the said scheme. Based on such legal advice, the Company has also made the representation to GOM and believes that said Incentives would continue to be made available to the Company under the GST regime, since the new conditions are not tenable legally and will contest these changes appropriately.

ii) A subsidiary of the Group has accrued production linked incentives (PLI) under PLI scheme 1.0 announced on 29 July, 2021 for Tin mill products produced at Tarapur Manufacturing Facility in FY 2024-25 for the quantity sold in FY 2023-24 & 2024-25 based on achieving the investment and sale obligations as per the MOU signed with the Ministry of Steel and as per the PLI scheme guidelines.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

Accordingly, the group has recognised the cumulative grant income under the PLI scheme amounting to ₹75 crores for the year ended 31 March 2025.

b) The Group's Vijayanagar unit in Karnataka is eligible for VAT/CST incentives under the New Industrial Policy 2009–14. As per the Government of Karnataka's notification dated 13 March, 2018, these incentives continue under the GST regime, with benefits now linked to the SGST rate in place of VAT. Accordingly, the Group has recognized the NPV of interest-free loans corresponding to SGST collected and paid up to 31 March, 2025.

Under the scheme, the Group is entitled to interest-free loans of 75% of eligible gross VAT for the first 10 years and 50% for the next 10 years, based on gross VAT paid on intra-state sales to end consumers. During the year, the Company received the sanction letter for FY 2022–23, where ₹ 148 crore was set aside, as SGST paid by buyers was lower than that paid by JSW, indicating consumption occurred outside Karnataka.

The management has reviewed the scheme criteria, obtained internal legal evaluation, and made representations to the Government of Karnataka. Based on this assessment, the Company believes the incentives remain valid and claim is recoverable.

Accordingly, the group has recognised deferred income on GST government / Sales Tax Loan amounting to ₹ 537 crores for the year ended 31 March 2025.

c) Ind AS 115 Revenue from Contracts with Customers

The Group recognizes revenue when control over the promised goods or services is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

The Group has assessed and determined the following categories for disaggregation of revenue in addition to that provided under segment disclosure (refer note 42)

(₹ in crores)

ESOP SCHEME 2016

The Board of Directors of the Company at its meeting held on 29 January 2016, formulated the JSWSL EMPLOYEES STOCK OWNERSHIP PLAN 2016 ("ESOP Plan"). At the said meeting, the Board authorised the ESOP Committee for the superintendence of the ESOP Plan.

ESOP 2016 is the primary arrangement under which shared plan service incentives are provided to certain specified employees of the Company and its' subsidiaries in India.

Three grants were made under ESOP plan 2016 to eligible employees on the rolls of the Company on 1 April 2016, 1 April 2017 and 1 April 2018.

During the earlier years, the Company also made supplementary grants under the JSWSL Employees Stock Ownership Plan 2016 to its permanent employees who were on the rolls of the Company and its Indian subsidiaries as on 5 December 2019 as approved by the ESOP committee in its meeting held on 5 December 2019.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

The maximum value and share options that can be awarded to eligible employees is calculated by reference to certain percentage of individuals fixed salary compensation. 50% of the grant vested at the end of the third year and 50% of the grant vested at the end of the fourth year with a vesting condition that the employee is in continuous employment with the Company till the date of vesting.

The exercise price was determined by the ESOP Committee at a certain discount to the primary market price on the date of grant.

A total of 2,86,87,000 options were available for grant to the eligible employees of the Company and a total of 31,63,000 options were available for grant to the eliqible employees of the Indian subsidiaries of the Company under the ESOP Plan.

These options are equity settled and are accounted for in accordance with the requirement applying to equity settled transactions.

The outstanding position as at 31 March 2025 is summarised below:

ESOP PLAN 2021

The Board of Directors of the Company at its meeting held on 21 May 2021, formulated the Shri OP Jindal Employees Stock Ownership Plan ("OPJ ESOP Plan"). At the said meeting, the Board authorised the ESOP Committee for the superintendence of the ESOP Plan. Subsequently, the Board at its meeting held on 17 May 2024 authorised the Nomination and Remuneration Committee ('Committee') in place of ESOP Committee for superintendence of the ESOP Plan.

ESOP is the primary arrangement under which shared plan service incentives are provided to certain specified employees of the Company and its' subsidiaries in India.

Three grants would be made under OPJ ESOP plan 2021 to eligible present and future employees on the rolls of the Company as at date of the grant.

The maximum value and share options that can be awarded to eligible employees is calculated by reference to certain percentage of individuals fixed salary compensation. 25% of the grant would vest at the end of the first year, 25% of the grant would vest at the end of the second year and 50% of the grant would vest at the end of the third year with a vesting condition that the employee is in continuous employment with the Company till the date of vesting.

The exercise price is determined by the Committee at Re. 1 per share.

A total of 47,00,000 options are available for grant to the eligible employees of the Company and a total of 3,00,000 options would be available for grant to the eligible employees of the Indian subsidiaries of the Company under the ESOP Plan.

In addition to the above, a total of 60,00,000 would also be available to the eligible employees of the Company out of which upto 20,00,000 options would be available for grant to the eligible employees of the Indian Subsidiaries of the Company. If such 20,00,000 options are not utilised by the subsidiaries, the Committee may at its discretion, grant such options to the employees of the Company.

These options are equity settled and are accounted for in accordance with the requirement applying to equity settled transactions.

SAMRUDDHI PLAN 2021

The Board of Directors of the Company at its meeting held on 21 May 2021, formulated the Shri OP Jindal Samruddhi Plan ("OPJ Samruddhi Plan"). At the said meeting, the Board authorised the ESOP Committee for the superintendence of the ESOP Plan

Samruddhi plan is the primary arrangement under which shared plan service incentives are provided to certain specified employees of the Company and its' subsidiaries in India.

As at and for the year ended 31 March 2025

Single grants would be made under OPJ ESOP plan 2021 to eligible employees on the rolls of the Company as at date of the grant.

The maximum value and share options that can be awarded to eligible employees is calculated by reference to certain percentage of individuals fixed salary compensation. 25% of the grant would vest at the end of the second year, 25% of the grant would vest at the end of the third year and 50% of the grant would vest at the end of the forth year with a vesting condition that the employee is in continuous employment with the Company till the date of vesting.

The exercise price is determined by the ESOP committee at Re. 1 per share.

A total of 67,00,000 options are available for grant to the eligible employees of the Company and a total of 13,00,000 options would be available for grant to the eligible employees of the Indian subsidiaries of the Company under the ESOP Plan.

These options are equity settled and are accounted for in accordance with the requirement applying to equity settled transactions.

The outstanding position as at 31 March 2025 is summarised below:

| Particulars | OPJ Samruddhi Plan 2021 | OPJ ESOP Plan 2021 |
|---|--|--|

Non-current assets have been allocated on the basis of their physical location.

43. Employee benefits

a) Defined contribution plan

The Group operates defined contribution retirement benefit plans for all qualifying employees. The assets of the plans are held separately from those of the Group in funds under the control of trustees. Where employees leave the plans prior to full vesting of the contributions, the contributions payable by the Group are reduced by the amount of forfeited contributions.

Group's contribution to provident fund, family pension scheme and 401 (K) plan recognized in the Consolidated Statement of Profit and Loss is ₹ 190 crores (previous year: ₹ 198 crores) (included in note 35).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

b) Defined benefit plans

The Group sponsors funded defined benefit plans for qualifying employees. The defined benefit plans are administered by a separate Fund that is legally separated from the entity.

The gratuity plan is covered by The Payment of Gratuity Act, 1972. Under the gratuity plan, the eliqible employees are entitled to post-retirement benefit at the rate of 15 days' salary for each year of service until the retirement age of 58, 60 and 62, without any payment ceiling. The vesting period for gratuity as payable under The Payment of Gratuity Act, 1972

Under the Compensated absences plan, leave encashment is payable to all eligible employees on separation from the Company due to death, retirement, superannuation or resignation. At the rate of daily salary, as per current accumulation of leave days.

The plans in India typically expose the Group to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

| Investment risk | The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to government bond yields; if the return on plan asset is below this rate, it will create a plan deficit. Currently the plan has a relatively balanced investment in equity securities and debt instruments. |
|-----------------|--|
| Interest risk | A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments. |
| Longevity risk | The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability. |
| Salary risk | The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability. |

No other post-retirement benefits are provided to these employees.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at 31 March 2025 by Independent Qualified Actuaries. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

@ - less than ₹ 0.50 crores

- g) The Group expects to contribute ₹ 67 crores (previous year ₹ 156 crores) to its gratuity plan for the next year.
- h) The average duration of the defined benefit plan obligation at the end of the reporting period is 8 years (31 March 2024: 8 years).
- i) In assessing the Group's post retirement liabilities, the Group monitors mortality assumptions and uses up-todate mortality tables, the base being the Indian assured lives mortality (2006-08) ultimate.
- j) Expected return on plan assets is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations after considering several applicable factors such as the composition of plan assets, investment strategy, market scenario, etc.
- k) The estimates of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.
- The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

The amount included in the financial statements arising from the entity's obligation in respect of its defined benefit plan is as follows:

(₹ in crores)

| Particulars | As at 31 March 2025 | As at 31 March 2024 |
|---|------------------------|------------------------|
| Defined benefit obligation | 705 | 652 |
| Plan assets | 79 | 88 |
| Net liability arising from defined benefit obligation | 626 | 564 |

Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in crores)

| Particulars | 31 March 2 | 2025 | 31 March 2024 | | |
|------------------------------------|------------|----------|---------------|----------|--|
| raiticulais | Increase | Decrease | Increase | Decrease | |
| Discount rate (1% movement) | (36) | 40 | (40) | 37 | |
| Future salary growth (1% movement) | 38 | (36) | 37 | (33) | |
| Attrition rate (1% movement) | (2) | 3 | (2) | 3 | |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation recognized in the balance sheet.

As at and for the year ended 31 March 2025

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Maturity analysis of projected benefit obligation

(₹ in crores)

| Particulars | Less than a year | Between 1 to 5 years | Over 5 years | Total |
|---------------------------|------------------|-------------------------|--------------|-------|
| As at 31 March 2025 | | | | |
| Projected benefit payable | 96 | 252 | 765 | 1,113 |
| As at 31 March 2024 | | | | |
| Projected benefit payable | 91 | 254 | 646 | 991 |

Each year an Asset-Liability-Matching study is performed in which the consequences of the strategic investment policies are analyzed in terms of risk and return profiles.

(iii) Other long term benefits:

(a) Compensated absences

Under the compensated absences plan, leave encashment is payable to certain eligible employees on separation from the Company due to death, retirement, superannuation or resignation. Employee are entitled to encash leave while serving in the Company. At the rate of daily salary, as per current accumulation of leave days.

The Group also has leave policy for certain employees to compulsorily encash unavailed leave on 31st December every year at the current basic salary.

(b) Long Service Award

The Company has a policy to recognize the long service rendered by employees and celebrate their long association with the Company. This scheme is called - Long Association of Motivation, Harmony & Excitement (LAMHE). The award is paid at milestone service completion years of 10, 15, 20 and 25 years.

44. Financial instruments

A. Capital management

The Group being in a capital intensive industry, its objective is to maintain a strong credit rating, healthy ratios and establish a capital structure that would maximize the return to stakeholders through optimum mix of debt and equity.

The Group's capital requirement is mainly to fund its capacity expansion, repayment of principal and interest on its borrowings and strategic acquisitions. The principal source of funding of the Group has been, and is expected to continue to be, cash generated from its operations supplemented by funding from bank borrowings and the capital markets. The Group is not subject to any externally imposed capital requirements.

The Group regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost and elongate the maturity of its debt portfolio, and closely monitors its judicious allocation amongst competing capital expansion projects and strategic acquisitions, to capture market opportunities at minimum risk.

The Group monitors its capital using gearing ratio, which is net debt divided to total equity. Net debt includes, interest bearing loans and borrowings less cash and cash equivalents, bank balances other than cash and cash equivalents and current investments.

| Less: | | |
| Cash and cash equivalents | 11,655 | 8,030 |
| Bank balances other than cash and cash equivalents | 1,630 | 4,318 |
| Current investments | 5,819 | 3 |
| Net debt | 76,853 | 73,224 |
| Total equity | 81,666 | 79,776 |
| Gearing ratio | 0.94 | 0.92 |

- (i) Equity includes capital and all reserves of the Group that are managed as capital.
- (ii) Debt is defined as long and short term borrowings (excluding derivatives and financial guarantee contracts), as described in notes 22 and 28.

B. Categories of financial instruments

The accounting classification of each category of financial instruments, and their carrying amounts and fair value, are set out below:

As at 31 March 2025

| | | | | | | (\ III CIUIES) |
|--|----------------|--|--|--|-------------------------|----------------|
| Particulars | Amortised cost | Fair value through other comprehensive income | Fair value through profit and loss | Derivatives in hedging relations | Total Carrying Value | Fair value |
| Financial assets | | | | | | |
| Loans | 72 | - | - | - | 72 | 72 |
| Other financial assets | 8,146 | - | - | - | 8,146 | 8,146 |
| Trade receivables | 8,415 | - | - | - | 8,415 | 8,415 |
| Cash and cash equivalents | 11,655 | - | - | - | 11,655 | 11,655 |
| Bank balances other than cash and cash equivalents | 1,630 | - | - | - | 1,630 | 1,630 |
| Derivative assets | - | 10 | 176 | 214 | 400 | 400 |
| Investments | 10 | 5,613 | 5,905 | - | 11,528 | 11,528 |
| Total financial assets | 29,928 | 5,623 | 6,081 | 214 | 41,846 | 41,846 |
| Financial liabilities | | | | | | |
| Long-term borrowings | 81,983 | - | - | - | 81,983 | 79,890 |

C. Financial risk management

The Group has a Risk Management Committee established by its Board of Directors for overseeing the Risk Management Framework and developing and monitoring the Group's risk management policies. The risk management policies are established to ensure timely identification and evaluation of risks, setting acceptable risk thresholds, identifying and mapping controls against these risks, monitor the risks and their limits, improve risk awareness and transparency. Risk management policies and systems are reviewed regularly to reflect changes in the market conditions and the Group's activities to provide reliable information to the Management and the Board to evaluate the adequacy of the risk management framework in relation to the risk faced by the Group.

The risk management policies aim to mitigate the following risks arising from the financial instruments:

- Market risk
- Credit risk and
- Liquidity risk

D. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market prices. The Group is exposed in the ordinary course of its business to risks related to changes in foreign currency exchange rates, commodity prices and interest rates.

The Group seeks to minimize the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Group's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and nonderivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the Management and the internal auditors on a continuous basis. The Group does not enter into or trade financial instruments, including derivatives for speculative purposes.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

E. Financial currency risk management

The Group's functional currency is Indian Rupees (INR). The Group undertakes transactions denominated in foreign currencies; consequently, exposure to exchange rate fluctuations arise. Volatility in exchange rates affects the Group's revenue from export markets and the costs of imports, primarily in relation to raw materials. The Group is exposed to exchange rate risk under its trade and debt portfolio.

Adverse movements in the exchange rate between the Rupee and any relevant foreign currency result's in increase in the Group's overall debt position in Rupee terms without the Group having incurred additional debt and favorable movements in the exchange rates will conversely result in reduction in the Group's receivables in foreign currency. In order to hedge exchange rate risk, the Group has a policy to hedge cash flows up to a specific tenure using forward exchange contracts and hedges. At any point in time, the Group hedges its estimated foreign currency exposure in respect of forecast sales over the following 6 months. In respect of imports and other payables, the Company hedges its payables as and when the exposure arises. Short term exposures are hedged progressively based on their maturity.

The Group has also considered the effect of changes, if any, in both counterparty credit risk and own credit risk while assessing hedge effectiveness and measuring hedge ineffectiveness. The Group continues to believe that there is no impact on effectiveness of its hedges.

All hedging activities are carried out in accordance with the Company's internal risk management policies, as approved by the Board of Directors, and in accordance with the applicable regulations where the Company operates.

The forward exchange contracts entered into by the Group and outstanding are as under:

| As at | Nature | No. of Contracts | Туре | US\$ Equivalent (millions) | INR Equivalent (crores) | MTM (₹ in crores) |
|---------------|-------------|------------------|------|-------------------------------|----------------------------|----------------------|

| Other financial liabilities | a | 17 | a | 3 | |

@ - less than ₹ 0.50 crores

The following table details the Group's sensitivity to a 1% increase and decrease in the INR against the relevant foreign currencies net of hedge accounting impact. 1% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 1% change in foreign currency rates, with all other variables held constant. A positive number below indicates an increase in profit or equity where INR strengthens 1% against the relevant currency. For a 1% weakening of INR against the relevant currency, there would be a comparable impact on profit or equity, and the balances below would be negative.

Impact on Profit / (loss) for the year for a 1% change:

(₹ in crores)

| Particulars | Incre | ease | Decre | ase |
|-------------|---------------|---------------|---------------|---------------|
| Particulars | 31 March 2025 | 31 March 2024 | 31 March 2025 | 31 March 2024 |
| USD /INR | 628 | 587 | (628) | (587) |
| EURO/INR | 60 | 52 | (60) | (52) |
| YEN/INR | 29 | 30 | (29) | (30) |

F. Commodity price risk

The Group's revenue is exposed to the market risk of price fluctuations related to the sale of its steel products. Market forces generally determine prices for the steel products sold by the Group. These prices may be influenced by factors such as supply and demand, production costs (including the costs of raw material inputs) and global and regional economic conditions and growth. Adverse changes in any of these factors may reduce the revenue that the Group earns from the sale of its steel products.

The Group is subject to fluctuations in prices for the purchase of iron ore, coking coal, ferro alloys, zinc, scrap and other raw material inputs. The Group purchased primarily all of its iron ore and coal requirements in the open market at prevailing price during the year ended 31 March 2025.

The Group aims to sell the products at prevailing market prices. Similarly, the Group procures key raw materials like iron ore and coal based on prevailing market rates as the selling prices of steel prices and the prices of input raw materials move in the same direction.

Commodity hedging is used primarily as a risk management tool to secure the future cash flows in case of volatility by entering into commodity forward contracts.

Hedging commodity is based on its procurement schedule and price risk. Commodity hedging is undertaken as a risk offsetting exercise and, depending upon market conditions hedges, may extend beyond the financial year. The Group is presently hedging maximum up to 100% of its consumption.

As at and for the year ended 31 March 2025

The following table details the Group's sensitivity to a 5% movement in the input price of iron ore and coking coal net of hedge accounting impact. The sensitivity analysis includes only 5% change in commodity prices for quantity sold or consumed during the year, with all other variables held constant. A positive number below indicates an increase in profit or equity where the commodity prices decrease by 5%. For a 5% reduction in commodity prices, there would be a comparable impact on profit or equity, and the balances below would be negative.

Impact on Profit / (loss) for the year for a 5% change:

(₹ in crores)

| Particulars | Increase for the | year ended | Decrease for the year ended | | |
|-------------|------------------|---------------|-----------------------------|---------------|--|
| | 31 March 2025 | 31 March 2024 | 31 March 2025 | 31 March 2024 | |
| Iron ore | (1,532) | (1,385) | 1,439 | 1,385 | |
| Coal/Coke | (16,510) | (1,835) | 2,613 | 1,835 | |
| Zinc | (93) | (86) | 93 | 86 | |

The commodity forward and option contracts entered into by the Group and outstanding at the year-end are as under:

| As at | Nature | No. of Contracts | Commodity Name | Quantity (Iron Ore, Coking Coal, Zinc - MT) (Brent Crude - Mio Barrels) | US\$ Equivalent of notional value (million) | INR equivalent (crores) | MTM of Commodity contract (₹ in crores) |
|---------------|-------------|------------------|----------------|---|---|----------------------------|--|
| 31 March 2025 | | 34 | Iron Ore | 1,423,332 | 129 | 1,101 | 60 |
| | Assets | 8 | Natural Gas | 378,734 | 1 | 9 | 4 |
| | | 15 | Coking Coal | 45,000 | 8 | 69 | 1 |

| | | 3 | Aluminium | 1,500 | 3 | 28 | a |

a - less than ₹ 0.50 crores

G. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The borrowings of the Group are principally denominated in rupees and US dollars with a mix of fixed and floating rates of interest. The Group hedges its US dollar interest rate risk through interest rate swaps to reduce the floating interest rate risk. The Group has exposure to interest rate risk, arising principally on changes in base lending rate and LIBOR rates. The Group uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like non-convertible bonds and short term loans. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings, and by the use of interest rate swap contracts. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

The following table provides a break-up of the Group's fixed and floating rate borrowings:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

|--|

| Particulars | As at 31 March 2025 | As at 31 March 2024 |
|--|---------------------|------------------------|
| Fixed rate borrowings | 36,017 | 36,508 |
| Floating rate borrowings | 60,502 | 49,541 |
| Total borrowings | 96,519 | 86,049 |
| Total borrowings | 95,957 | 85,575 |
| Add: Upfront fees | 562 | 467 |
| Add: Fair value adjustment on interest rate swap | a | 7 |
| Total gross borrowings | 96,519 | 86,049 |

The sensitivity analyses below have been determined based on the exposure to interest rates for floating rate liabilities, after the impact of hedge accounting, assuming the amount of the liability outstanding at the year-end was outstanding for the whole year.

If interest rates had been 100 basis points higher / lower and all other variables were being constant, the Group's profit for the year ended 31 March 2025 would decrease / increase by $\stackrel{?}{\sim}$ 605 crores (for the year ended 31 March 2024: decrease / increase by $\stackrel{?}{\sim}$ 495 crores). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

The following table details the nominal amounts and remaining terms of interest rate swap contracts to hedge against fluctuations in fair value of borrowing outstanding at the year-end.

| As at | Nature | No. of Contracts | US\$ Equivalent of notional value (millions) | MTM of IRS (₹ in crores) |
|-----------------|-------------|------------------|--|-----------------------------|
| 31 March 2025 | Assets | - | - | - |
| 31 Mai Cii 2025 | Liabilities | 1 | 50 | (@) |
| 01 Marrah 0004 | Assets | - | - | - |
| 31 March 2024 | Liabilities | 8 | 650 | (10) |

Interest rate benchmark reform

The Group is exposed to LIBORs through various financial instrument including borrowings and derivatives. Existing LIBOR-referencing contracts that mature beyond their respective LIBOR cessation dates are generally expected to be transitioned to Alternative Reference Rates (ARRs). The company is closely monitoring the market and managing the transition to new benchmark interest rates.

Progress towards implementation of alternative benchmark interest rates:

As a part of the company's risk management policy for transition, the following measures have been initiated:

- New contracts/facilities are being linked to the relevant ARRs or other benchmarks like EURIBOR that are not expected to cease.
- ▶ The existing facilities/ contracts are a mix of fixed and floating rates denominated in USD, EUR and JPY.
- The Group's USD floating rate exposure is primarily linked to USD 6 month LIBOR and these exposures are proposed
 to be transitioned to SOFR (the ARR recommended for USD exposures) for contracts/ facilities that mature beyond
 30 June 2023 (cessation date for the 6 month USD LIBOR).
- 2. The JPY facility was linked to JPY LIBOR and has already been transitioned to Tokyo Term Risk Free Rate (TORF), the term RFR applicable for JPY currency.
- 3. The EUR facilities are linked to EURIBOR, which is presently not expected to be phased out.
- ▶ Derivative contract: Interest rate swap linked to LIBOR 3 months' Derivative contract will be transition as per International Swaps and Derivatives Association ("ISDA") protocol.

H. Equity Price risk:

The Group is exposed to equity price risk arising from equity investments (other than subsidiaries and joint ventures, which are carried at cost).

INTEGRATED REPORT 2024-25

As at and for the year ended 31 March 2025

Equity price sensitivity analysis:

The sensitivity analysis below has been determined based on the exposure to equity price risk at the end of the reporting period.

If equity prices of the investments increase/ decrease by 5%, other comprehensive income for the year ended 31 March 2025 would increase/ decrease by ₹281 crores (As at 31 March 2024 -₹273 crores).

Credit risk management

As at 31 March 2025

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

The Group is exposed to credit risk for trade receivables, cash and cash equivalents, investments, other bank balances, loans, other financial assets, financial guarantees and derivative financial instruments.

Moreover, given the diverse nature of the Group's business, trade receivables are spread over a number of customers with no significant concentration of credit risk. No single customer accounted for 10% or more of the trade receivables in any of the years presented. The history of trade receivables shows a negligible provision for bad and doubtful debts. Therefore, the Group does not expect any material risk on account of non-performance by any of the Group's counterparties. The assessment is carried out considering the segment of customer, impact seen in the demand outlook of these segments and the financial strength of the customers in respect of whom amounts are receivable. Basis this assessment, the allowance for doubtful trade receivables as at 31 March 2025 is considered adequate.

Movements in allowances for bad and doubtful debts

| Particulars | Amount |
|--------------------------|--------|
| As at 31 March 2023 | 274 |
| Movement during the year | 30 |
| As at 31 March 2024 | 304 |
| Movement during the year | (149) |

155

For current investments, counterparty limits are in place to limit the amount of credit exposure to any one counterparty. This, therefore, results in diversification of credit risk for Group's mutual fund and bond investments. For derivative and financial instruments, the Company attempts to limit the credit risk by only dealing with reputable banks and financial institutions.

The carrying value of financial assets represents the maximum credit risk. The maximum exposure to credit risk was ₹41,846 crores as at 31 March 2025 and, ₹33,705 crores as at 31 March 2024, being the total carrying value of trade receivables, balances with bank, bank deposits, current investments, loans and other financial assets.

In respect of financial guarantees provided by the Group to banks and financial institutions, the maximum exposure which the Group is exposed to is the maximum amount which the Group would have to pay if the guarantee is called upon. Based on the expectation at the end of the reporting period, the Group considers that it is more likely than not that such an amount will not be payable under the guarantees provided.

Receivables are deemed to be past due or impaired with reference to the Group's normal terms and conditions of business. These terms and conditions are determined on a case to case basis with reference to the customer's credit quality and prevailing market conditions. The Group based on past experiences does not expect any material loss on its receivables and hence no provision is deemed necessary on account of expected credit loss ('ECL').

The credit quality of the Group's is monitored on an ongoing basis and assessed for impairment where indicators of such impairment exist. The Group uses simplified approach for (i.e. lifetime expected credit loss model) impairment of trade receivable / contract assets. The solvency of the debtor and their ability to repay the receivable is considered in assessing receivables for impairment. Where receivables have been impaired, the Group actively seeks to recover the amounts in question and enforce compliance with credit terms.

For all other financial assets, if credit risk has not increased significantly, 12-month expected credit loss is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime expected credit loss is used.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

J. Liquidity risk management

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. The Group requires funds both for short term operational needs as well as for long term capital expenditure growth projects The Group generates sufficient cash flow for operations, which together with the available cash and cash equivalents and short term investments provide liquidity in the short-term and long-term. The Group has acceptances due to reverse factoring arrangements which might invoke liquidity risk as a result of liabilities being concentrated with few financial institutions instead of a diverse group of suppliers. The Group has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods and its non-derivative financial assets. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Group may be required to pay.

Liquidity exposure as at 31 March 2025

| Total | 60,710 | 56,898 | 14,300 | 131,908 |

The amount of quarantees given included in Note 46(i) represents the maximum amount the Group could be forced to settle for the full guaranteed amount. Based on the expectation at the end of the reporting period, the Group considers that it is more likely than not that such an amount will not be payable under the arrangement.

Collateral

The Group has pledged part of its trade receivables, short term investments and cash and cash equivalents in order to fulfil certain collateral requirements for the banking facilities extended to the Group. There is obligation to return the securities to the Group once these banking facilities are surrendered (refer note 22 and 28).

K. Level wise disclosure of financial instruments

(₹ in crores)

| Particulars | As at 31 March 2025 | As at 31 March 2024 | Level | Valuation technique and key inputs |
|--|---------------------|------------------------|-------|---|
| Quoted investments in the equity shares measured at FVTOCI | 5,465 | 5,374 | I | Quoted bid prices in an active market. |
| Derivative assets | 400 | 261 | II | Inputs other than quoted prices included within level 1 that are observable for asset or liability, either directly (i.e. as prices) or indirectly (derived from prices). |
| Derivative liabilities | 227 | 339 | II | Inputs other than quoted prices included within level 1 that are observable for asset or liability, either directly (i.e. as prices) or indirectly (derived from prices). |
| Unquoted investments in the equity shares measured at FVTOCI | 12 | 12 | III | Net asset value of share arrived has been considered as fair value. |
| Unquoted investments in the equity shares measured at FVTOCI | 136 | 75 | III | Cost is approximate estimate of fair value. |
| Quoted investments in the equity shares measured at FVTPL | 1 | 1 | I | Quoted bid prices in an active market. |
| Unquoted investments in the equity shares measured at FVTPL | 14 | - | III | Cost is approximate estimate of fair value. |
| Non-current investments in unquoted Preference shares measured at FVTPL | 76 | 68 | III | Discounted cash flow- Future cash flows are based on terms of Preference Shares discounted at a rate that reflects market risks. |
| Quoted investments in the mutual funds measured at FVTPL | a | a | I | Quoted bid prices in an active market |
| Unquoted investments in the mutual funds measured at FVTPL | 5,819 | 3 | I | Quoted bid prices in an active market |

The carrying amounts of trade receivables, trade payables, capital creditors, cash and cash equivalents, other bank balances, other financial assets and other financial liabilities (other than those specifically disclosed) are considered to be the same as their fair values, due to their short term nature.

A significant part of the financial assets is classified as Level 1 and Level 2. The fair value of these assets is marked to an active market or based on observable market data which factors the uncertainties arising out of COVID-19. The financial assets carried at fair value by the Company are mainly investments in equity instruments, debt securities and derivatives, accordingly, any material volatility is not expected.

Sensitivity analysis of Level III:

| | Valuation technique | Significant unobservable inputs | Change | Sensitivity of the input to fair value |
|---|------------------------|--|--------|---|
| Investments in unquoted Preference shares | DCF method | Discounting Rate 9.00% | 0.50% | 0.50% Increase / (decrease) in the discount would decrease / (increase) the fair value by ₹ 1 crores / (₹ 1 crores) |
| Investments in unquoted equity shares | NAV method | Cost is approximate estimate of fair value | - | No sensitivity in the fair value of the investments. |

Compensation to Key Management Personnel

| | | (₹ in crores) |
|--|------------|---------------|
| Nature of transaction | FY 2024-25 | FY 2023-24 |
| Short-term employee benefits | 68 | 86 |
| Post-employment benefits | 1 | 2 |
| Share-based payment | 11 | 40 |
| Total compensation to key management personnel | 80 | 128 |

Notes:

- 1. As the future liability for gratuity is provided on an actuarial basis for the Company as a whole, the amount pertaining to individual is not ascertainable and therefore not included above.
- 2. The Company has recognised an expenses of ₹ 4 crores (31 March 2024: ₹ 4 crores) towards employee stock options granted to Key Managerial Personnel. The same has not been considered as managerial remuneration of the current year as defined under Section 2(78) of the Companies Act, 2013 as the options have not been exercised.
- 3. The Independent Non-Executive Directors are paid remuneration by way of commission and sitting fees. The commission payable to the Non-Executive Directors (in case of Nominee Director, the commission is paid to the respective institution to which the Nominee Director represents) is based on the number of meetings of the Board attended by them and their Chairmanship/Membership of Audit Committee during the year, subject to an overall ceiling of 1% of the net profits approved by the Members. The Company pays sitting fees at the rate of ₹ 50,000 for meeting of the Board, Audit, Nomination & Remuneration Committee, Hedging and Project Review-committees and ₹25,000 for meetings of the other committees attended by them. The amount paid to them by way of commission and sitting fees during current year is ₹ 6 crores (31 March 2024: ₹ 4 crores), which is not included above.

Terms and conditions

Sales:

The sales to related parties are made on terms equivalent to those that prevail in arm's length transactions and in the ordinary course of business. Sales transactions are based on prevailing price lists and memorandum of understanding signed with related parties. For the year ended 31 March 2025, the Group has not recorded any impairment of receivables relating to amounts owed by related parties.

Purchases:

The purchases from related parties (including services) are made on terms equivalent to those that prevail in arm's length transactions and in the ordinary course of business. Purchase transactions are made on normal commercial terms and conditions and market rates.

Certain contractual obligations (not required by the Group) relating to purchase of raw materials by one of the subsidiary of the Company were assigned for no consideration in favour of JSW International Tradecorp PTE LTD

Payment of brand fees

The Group makes branding fees payment to a related party for use of its brand @ 0.25% of annual turnover subject to actual expenditure incurred by the related party towards brand development, promotion and other related cost. The terms of the arrangement are those that prevail in arm's length transactions and in ordinary course of business. The royalty agreement requires the Group to make payment in 10 days from receipt of the invoice.

The transactions other than mentioned above are also in the ordinary course of business and at arms' length basis.

As at and for the year ended 31 March 2025

- There are several other cases which has been determined as remote by the Company and hence not been disclosed above.
- The Deputy Commissioner of GST State Tax (Enforcement Unit, Orissa) (GST Authorities) had issued show cause notices (SCN) in the previous years for the period up to March 22, alleging that the Company has wrongfully and illegally transferred the unutilized Input Tax Credit to the Company's ISD registration in Mumbai. The Company filed its reply to the SCN, however, the GST Authorities raised demand for tax of ₹ 3,004 crores including interest and penalty thereon. The Company filed an appeal before the Additional Commissioner of State Tax (First Appellate Authority) and the First Appellate Authority has confirmed the order passed by the GST Authorities and disposed off, two of the three appeals. Aggrieved by the said appellant order, the Company has submitted a letter of Intent to file appeal before the Appellate Tribunal. The Company, basis the legal opinion obtained, has evaluated the matter and concluded that the outflow of resources is remote and accordingly, no provision is made in the consolidated financial statements. Interest of ₹ 217 crores is considered possible and included above.

|------|--|------------------------|------------------------|
| (ii) | Claims related to Forest Development Tax / Fee | 5,447 | 4,689 |
| | Amount paid under protest | 920 | 920 |

In response to a petition filed by the iron ore mine owners and purchasers (including the Company) contesting the levy of Forest Development Tax (FDT) on iron ore on the ground that the State does not have jurisdiction to legislate in the field of major minerals which is a central subject, the Honourable High Court of Karnataka vide its judgement dated 3 December 2015 directed refund of the entire amount of FDT collected by Karnataka State Government on sale of iron ore by private lease operators and National Mineral Development Corporation Limited (NMDC). The Karnataka State Government has filed an appeal before the Supreme Court of India ("SCI"). SCI has not granted stay on the judgement but stayed refund of FDT. The matter is yet to be heard by SCI. Based on merits of the case and supported by a legal opinion, the Company has not recognised provision for FDT of ₹ 1,043 crores (including paid under protest - ₹ 665 crores) and treated it as a contingent liability.

The State of Karnataka on 27 July 2016, has amended Section 98-A of the Forest Act retrospectively substituting the levy as Forest Development Fee (FDF) instead of FDT. In response to the writ petition filed by the Company and others, the Honourable High Court of Karnataka has vide its order dated 4 October 2017, held that the amendment is ultra-vires the Constitution of India and directed the State Government to refund the FDF collected. The State Government has filed an appeal before the SCI, and based on merits of the case duly supported by a legal opinion and a favorable order from the High Court, the Company has not recognised provision for FDF amount of ₹ 4,290 crores (including paid under protest - ₹ 255 crores) pertaining to the private lease operators & NMDC and treated it as contingent liability.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

46a. Letter of comforts

The Group has issued Letter of Comforts (LOC) to financial institution in relation to credit facilities availed by one of its joint venture aggregating to ₹ 2,600 crores as at 31 March 2025. ^{*} The Company pursuant to a detailed feasibility study concluded that the Banai and Bhalumuda Coal Block was not suitable from the technocommercial perspective and decided not to go ahead with the investment to develop the Coal Block. The coal block was terminated by Ministry of Coal during the year

As at and for the year ended 31 March 2025

48. Exceptional items for the year ended 31 March 2025 consist of:

- a) The Company had submitted a notice for surrender of Jajang iron ore mining lease located in the district of Keonjhar, Odisha due to un-economic operations. Pursuant to the approval of the Final Mine Closure Plan by Indian Bureau of Mines (IBM), Ministry of Mines on 9 October 2024, the Company had submitted an application for surrender of Jajang Iron ore Block. Accordingly, the Company had recognised a net provision amounting to ₹ 342 crores on 30 September 2025, pertaining to the underlying carrying value of assets, inventory (excluding net impact of net realisable value provided for on planned dispatches) and site restoration liability. An implementation certificate of the Final Mine Closure Plan was issued by IBM on 7 April 2025, which, as a process of surrender, has been submitted to the Govt. of Odisha on 10 April 2025.
- b) The Company pursuant to a detailed feasibility study concluded that the Banai and Bhalumuda Coal Block was not suitable from the techno-commercial perspective and decided not to go ahead with the investment to develop the Coal Block. The coal block was terminated by Ministry of Coal. Accordingly, the bid security forfeiture and related expenditure amounting to ₹ 103 crores were charged off to the statement of Profit and Loss.
- c) Stamp duty amounting to ₹ 44 crores pursuant to slump sale of Salav unit having DRI capacity of 0.9 MTPA along with its auxiliary units to JSW Green Steel Limited, a wholly owned subsidiary of the Company, in line with the Group's strategy for setting up green steel plant.

Exceptional items for the year ended 31 March 2024 consist of:

- a) Pursuant to the merger of CSSL and JISPL becoming effective on 31 July 2023 (refer note 2 above) the existing investments of the Group in CSSL as on 31 July 2023 have been fair valued as required IND AS 103 Business Combinations and a resultant gain of ₹ 780 crores have been recognised as an exceptional gain.
- b) Net gain amounting to ₹ 198 crores pursuant to sale of property, plant and equipment and mineral rights held by wholly owned subsidiary of the Company in West Virginia.
- c) The State of Goa enacted "The Goa Cess on Products and Substances Causing Pollution (Green Cess) Act 2013 ("Green Cess Act") and thereby levied a cess on the handling or utilisation or consumption or combustion or movement or transportation etc of certain products / substances (including coal and coke) causing pollution in the state of Goa ("Green Cess") at the rate of 0.5% of the sale value. In the present case, the Company imports certain varieties of coal / coke into Mormugao Port, Goa, which are handled at berths operated by South West Port Limited ("SWPL") and SWPL has in turn challenged the legislative competence of the state of Goa to enact the Green Cess Act by way of a writ petition before the Hon'ble High Court of Bombay, Goa Bench. The Hon'ble High Court of Bombay, Goa Bench. The Hon'ble High Court of Bombay, Goa Bench, vide its judgement dated 14 September 2023 ("Writ Judgement"), dismissed the writ petition and upheld the constitutional validity of the Green Cess Act and held that the state of Goa had competence to legislate the Green Cess Act and levy the Green Cess. In light of the aforesaid development, the Company has recognised a provision towards Green Cess amounting to ₹ 389 crores for the period from 2013 till September 2023. SWPL and the Company have filed a special leave petition before the Hon'ble Supreme Court challenging the Writ Judgement, in which the Hon'ble Supreme Court, vide its order 7 December 2023 ("Interim Order"), issued notice on the SLPs and directed the state of Goa to carry out assessments and issue demand notices to petitioners, upon which the petitioners would be liable to deposit 50% of the assessed demand. The Company has complied with the Interim Order passed by the Hon'ble Supreme Court and paid the necessary deposit in accordance with the demand raised by the authorities.
- **49.** In assessing the carrying amounts of Goodwill, PPE, Capital work in progress (CWIP), Investment Property, ROU, and advances (net of impairment loss / loss allowance) aggregating to ₹ 8,255 crores (₹ 8,170 crores as at 31 March 2024) relating to certain businesses (listed below), the Company considered various factors as detailed there against and concluded that they are recoverable.

The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets.

The financial projections basis which the future cash flows have been estimated consider reassessment of the discount rates, revisiting the growth rates factored while arriving at terminal value and subjecting these variables to sensitivity analysis.

i. PPE (including CWIP and advances) of ₹ 4,405 crores (₹ 4,469 crores as at 31 March 2024) relating to steel operations at Baytown, USA - Estimate of values of the businesses and assets by independent external valuers based on cash flow projections at a pre-tax discount rate of 12.9%. The said assessment includes significant assumptions such as discount rate, increase in operational performance on account of committed capital expenditure and future margins on the said operations.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

- ii. PPE (including CWIP) of ₹ 2,040 crores (₹ 1,927 crores as at 31 March 2024) and goodwill of ₹ 111 crores (₹ 109 crores as at 31 March 2024) relating to steel operations at Ohio, USA Estimate of values of the businesses and assets by independent external valuers based on cash flow projections at a pre-tax discount rate of 16.2%. The said assessment includes significant assumptions such as discount rate, increase in operational performance on account of committed capital expenditure and future margins.
- iii. PPE (including CWIP) of ₹554 crores (₹519 crores as at 31 March 2024) relating to steel operations at Piombino, Italy Estimate of values of the businesses and assets by independent external valuers based on cash flow projections at a pre-tax discount rate ranging from 11.7% to 13.5%. The said assessment includes significant assumptions such as discount rate, increase in operational performance on account of committed capital expenditure and future margins.
- iv. Integrated Steel Complex at Salboni, Bengal [PPE ₹ 183 crores (₹ 189 crores as at 31 March 2024), CWIP ₹ 14 crores (₹ 14 crores as at 31 March 2024), ROU assets ₹ 73 crores (₹ 74 crores as at 31 March 2024) and advances ₹ 148 crores (₹ 148 crores as at 31 March 2024)] Evaluation of current status of the integrated Steel Complex (including power plant) to be implemented in phases at Salboni of district Paschim Medinipur in West Bengal, evaluation of land and the plans for commencing construction of the said complex.
- v. Integrated Steel Complex at Ranchi, Jharkhand [PPE ₹ 45 crores (₹ 45 crores as at 31 March 2024) Evaluation of current status of the integrated Steel Complex to be implemented in phases at Ranchi, Jharkhand, underlying valuation of Land and the plans for commencing construction of the said complex.
- vi. PPE ₹ 123 crores including mining development and projects ₹ 110 crores (₹ 119 crores including mining development and projects ₹ 106 crores as at 31 March 2024) and goodwill ₹ 9 crores (₹ 9 crores as at 31 March 2024) relating to coal mines at Mozambique Assessment of mineable reserves by independent experts based on plans to commence operations after mining lease arrangements are in place for which application has been submitted to regulatory authorities and infrastructure is developed.
- vii. PPE (including CWIP and capital advance) of ₹ 550 crores (₹ 548 crores as at 31 March 2024) of a subsidiary JSW Realty & Infrastructure Private Limited, Estimated of value of business based on the cash flow projections approved by the Management. The assessments include significant assumptions relating to operational performance, expansion, rentals and other charges, inflation and terminal value.

53. There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Company. Further, amounts aggregating to ₹ 0.11 crores (31 March 2024: ₹ 0.11 crores), is held in abeyance due to dispute/ pending legal cases.

54. Events occurring after balance sheet:

On 23 May 2025, the board of directors recommended a final dividend of ₹ 2.80 (Rupees Two and paise eighty only) per equity share of ₹ 1 each to be paid to the shareholders for the financial year 2024-25, which is subject to approval by the shareholders at the Annual General Meeting to be held on 25 July 2025. If approved, the dividend would result in cash outflow of ₹685 crores.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

55. The Hon'ble Supreme Court pronounced the judgment dated 2 May 2025, rejecting Company's resolution plan for Bhushan Power & Steel Limited ('BPSL'), a subsidiary of the Company and directing the refund to the Company of amounts paid to financial creditors and operational creditors of BPSL and equity contribution made in BPSL, basis the Hon'ble Supreme Court Order dated 6 March 2020. The Hon'ble Supreme Court also directed that liquidation proceedings be initiated by National Company Law Tribunal (NCLT) for BPSL under Section 33(1) of Insolvency Bankruptcy Code (IBC).

The Company has carried out an assessment of control as per Ind AS 110 - "Consolidated Financial Statements" and based on legal opinion obtained by the Company, has concluded that the Company has control over BPSL as at the date of the balance sheet and have continued with the consolidation of BPSL financial statements with the Company. Accordingly, Revenue from Operations and Profit Before Tax include ₹ 21.440 crores (previous year: ₹ 21.893 crores) and ₹ 260 crores (previous year: ₹ 674 crores) respectively relating to BPSL.

The Company carrying amount of the net assets relating to BPSL included in the Consolidated Financial Statements as at 31 March 2025 is ₹ 14,091 crores. Further the Company has carried out a recoverability assessment, considering the Hon'ble Supreme Court Order dated 6 March 2020 and judgement dated 2 May 2025, ESCROW Agreement with erstwhile lenders of the Committee of Creditors and legal opinion obtained by the Company, has concluded that the recoverable amount is sufficient enough to cover the carrying value of the net assets of BPSL and hence no provision is required to be made for the net assets included in the consolidated financial statements of the Company as on 31 March 2025. The Company in consultation with its legal advisors is in the process of evaluating all options to finalise the legal remedies including Review of the judgement dated 2 May 2025 of the Hon'ble Supreme Court. Pending the outcome of such actions, no adjustments have been made since the Company believes that there is no adverse material impact on the Consolidated Financial Statements as on and for the year 31 March 2025.

56. During the year ended 31 March 2025, pursuant to the Shareholders approval dated 16 January 2025, JSW Utkal Steel Limited, a wholly owned subsidiary of the Group, transferred its under construction slurry pipeline undertaking to JSW Infrastructure Limited (JSWIL) on a slump sale basis by way of a business transfer agreement, for a total consideration of ₹ 1,661 Crores ("the transaction"). Simultaneously, the Company also entered into a long term take or pay agreement with JSWIL for the transportation of iron ore from its captive Nuagaon mine to its proposed facility in Jagatsinghpur in the State of Odisha, using the aforesaid under construction slurry pipeline.

Considering that the aforesaid slurry pipeline is currently under-construction and the lease has not yet commenced, the Group has continued to recognize the aforesaid assets in Capital work-in-progress and the consideration received amounting to ₹ 1,286 crores has been treated as non-current financial liability in the Consolidated Financial Statements.

57. Other statutory information

- (a) The Group does not have material transactions with the struck off companies during the current and previous years.
- (b) The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
 - (ii) provide any quarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- (c) The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:
 - (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - (ii) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

As at and for the year ended 31 March 2025

58. Ratios:

| S. No | Ratios | Numerator | Denominator | FY 24-25 | FY 23-24 | % Change | Reason for variance |
|-------|---|--|--|----------|----------|----------|--|
| 1 | Current Ratio | Current Assets | Current Liabilities | 1.17 | 0.98 | 19.4% | Increase is primarily on account of increase in current assets over current liabilities in the current year |
| 2 | Debt Equity Ratio | Total Borrowings | Total Equity | 1.17 | 1.07 | 9.5% | |
| 3 | Debt service coverage ratio | | Net Finance Charges + Long Term Borrowings scheduled 'principal repayments (excluding prepayments / refinancing) 'during the year) (Net Finance Charges: Finance Costs - Interest Income - Net Gain /(Loss) on sale of current investments | 1.99 | 1.83 | 8.2% | |
| 4 | Return on Equity | Profit after tax | Average Shareholder's equity | 4.32 | 12.22 | (64.6)% | 6 Return on equity has decreased mainly due to decrease in current year's profit |
| 5 | Inventory Turnover (no. of days) | Average inventory | Cost of materials consumed + Purchases of stock-in-trade + Changes in inventories + Mining premium and royalties + Power and fuel + Stores & spares consumed + Repairs & Maintenance + Job work charges + Labour charges + MDO cost | 105 | 101 | 3.6% | |
| 6 | Trade receivables turnover (no. of days) | | Sale of products | 17 | 16 | 6.3% | |
| 7 | Trade payables turnover (no. of days) | Average trade payables | Cost of materials consumed + Purchases of stock-in-trade + Changes in inventories | 134 | 142 | (6.2)% | 6 |
| 8 | Net capital turnover | Net Sales | Current assets - Current liabilities | 16.48 | (112.73) | (114.6)% | Decrease is primarily on account of decrease in current assets |
| 9 | Net Profit Margin (%) | Net profit for the year | Revenue from operations | 2.07% | 5.13% | (59.7)% | 6 Decrease is primarily on account of decrease in profitability in the current year |
| 10 | Return on capital employed | Profit before Tax after Exceptional Items, Finance cost | Tangible Net Worth + Total Debt + Deferred Tax Liability | 7.3% | 12.5% | (41.3)% | 6 Decrease is primarily on account of decrease in profit before tax in the current year |
| 11 | Return on Investment | Profit on sale of investments | Cost of Investments | 0.38% | 1.32% | (71.0)% | 6 Decrease is primarily due to decrease in of profit on sale |

Borrowing excludes lease liabilities

Note: The balances and amounts presented above are net of intercompany eliminations and consolidation adjustments.

59A. Standards issued but not yet effective

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's financial statements are disclosed below. The Group will adopt this new and amended standard, when it becomes effective.

Lack of exchangeability - Amendments to Ind AS 21

The Ministry of Corporate Affairs notified amendments to Ind AS 21 The Effects of Changes in Foreign Exchange Rates to specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments are not expected to have a material impact on the Group's financial statements.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

As at and for the year ended 31 March 2025

59B. Application of new and amended standards

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2025, MCA has notified Ind AS 117 Insurance Contracts and amendments to Ind AS 116 Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f. 1 April 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any material impact in its financial statements.

60. The Group, its associates and joint ventures have been maintaining books of accounts in their respective accounting software which has feature of recording audit trail of each and every transaction, creating an edit log of each change made in books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled, throughout the year as required by proviso to sub rule (1) of rule 3 of The Companies (Accounts) Rules, 2014 known as the Companies (Accounts) Amendment Rules, 2021. However, the audit trail feature is not enabled for direct changes to data in the underlying database for one of the accounting software in relation to certain users pertaining to SAP HR - Payroll application, which has been enabled subsequently post the year ended 31 March, 2025.

Further, in case of a subsidiary, for one accounting software the feature of recording audit trail (edit log) facility and the audit trail feature at the application level was operating throughout the year for all relevant transactions recorded in the software except that audit trail was not enabled at the database level (including its modification) to log any direct data changes during the period from April 1, 2024 to March 31, 2025 and for another software operated by a third party software service provider for maintaining payroll records, independent auditor's system and system organization controls ("SOC") report covering the audit trail requirements (including its modification) was not available.

Additionally, the audit trail of prior year has been preserved by the Group as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective year.

61. Previous year figures have been re-grouped / re-classified wherever necessary.

^{*} Based on recoverability assessment carried out by the management with respect to investments in and loans given to Piombino Steel Limited, it is concluded that recoverable amount is sufficient, and no provision is required to be made in the standalone financial results. Further, the Company, in consultation with its legal advisors, is in the process of evaluating all options to finalise the legal remedies including Review of judgement dated 2 May 2025 of the Hon'ble Supreme Court. Pending the outcome of such actions, no adjustments have been made since the Company believes that there is no adverse material impact on the Standalone Financial Results as on and for the year ended 31 March 2025.

II. Audit Qualification (each audit qualification separately):

a. Details of Audit Qualification:

As stated in note 2 to the standalone financial results, the Company is in process of evaluating the possible legal remedies pursuant to the Hon'ble Supreme Court's rejection of the Company's Resolution Plan for acquisition of Bhushan Power and Steel Limited (BPSL) and believes there is no adverse material impact on the standalone financial results. Pending the outcomes of the legal remedies being evaluated by the Company as stated in the said note and the final outcome of regulatory actions; and given the uncertainties involved in this regard, we are unable to assess the possible consequential effects thereof on these standalone financial results.

Note 2 in the standalone financial results:

The Hon'ble Supreme Court pronounced the judgment dated 2 May 2025 rejecting Company's resolution plan for Bhushan Power and Steel Limited ("BPSL"), a subsidiary of the Company, and directing the refund to the Company of amounts, paid to financial creditors, operational creditors of BPSL and equity contribution made in BPSL, basis the Hon'ble Supreme Court Order dated 6 March 2020. The Hon'ble Supreme Court also directed that liquidation proceedings be initiated by National Company Law Tribunal ("NCLT") for BPSL under Section 33(1) of Insolvency Bankruptcy Code ("IBC").

The Company through its subsidiary Piombino Steel Limited ("PSL") had invested in BPSL and the carrying amount of its investments in and loans given to PSL aggregates to ₹9,215 crores as at 31 March 2025. Further, the Company has carried out a recoverability assessment, considering the Hon'ble Supreme Court Order dated 6 March 2020 and the judgement dated 2 May 2025, the ESCROW Agreement with erstwhile lenders of Committee of Creditors and legal opinion obtained by the Company, and concluded that the recoverable amount is sufficient enough to cover the carrying values in the books and hence no provision is required to be made for the investments in and loans given to PSL as on 31 March 2025. The Company, in consultation with its legal advisors, is in the process of evaluating all options to finalise the legal remedies including Review of judgement dated 2 May 2025 of the Hon'ble Supreme Court. Pending the outcome of such actions, no adjustments have been made since the Company believes that there is no adverse material impact on the Standalone Financial Results as on and for the year ended 31 March 2025.

- b. Type of Audit Qualification: Qualified Opinion
- c. Frequency of qualification: This qualification is appearing for the first time pursuant to a recent Supreme Court Judgement as explained aforesaid.
- d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: Not applicable.
- e. For Audit Qualification(s) where the impact is not quantified by the auditor:
 - (i) Management's estimation on the impact of audit qualification:

The Hon'ble Supreme Court pronounced the judgment dated 2 May 2025 rejecting Company's resolution plan for Bhushan Power & Steel Limited ("BPSL"), a subsidiary of the Company, and directing the refund to the Company of amounts, paid to financial creditors, operational creditors of BPSL and equity contribution made in BPSL, basis the Hon'ble Supreme Court Order dated 6 March 2020. The Hon'ble Supreme Court also directed that liquidation proceedings be initiated by National Company Law Tribunal ("NCLT") for BPSL under Section 33(1) of Insolvency Bankruptcy Code ("IBC").

The Company through its subsidiary Piombino Steel Limited ("PSL") had invested in BPSL and the carrying amount of its investments in and loans given to PSL aggregates to ₹9,215 crores as at 31 March 2025. * Based on recoverability assessment carried out by the management with respect to net assets relating to Bhushan Power and Steel Limited included in the consolidated financial results, it is concluded that recoverable amount is sufficient, and no provision is required to be made in the consolidated financial results. Further, the Company, in consultation with its legal advisors is in the process of evaluating all options to finalise the legal remedies including Review of the judgement dated 2 May 2025 of the Hon'ble Supreme Court. Pending the outcome of such actions, no adjustments have been made since the Company believes that there is no adverse material impact on the Consolidated Financial Results as on and for the year 31 March 2025.

II. Audit Qualification (each audit qualification separately):

a. Details of Audit Qualification:

As stated in note 2 to the consolidated financial results, the Company is in process of evaluating the possible legal remedies pursuant to the Hon'ble Supreme Court's rejection of the Company's Resolution Plan for acquisition of Bhushan Power and Steel Limited (BPSL) and believes there is no adverse material impact on the consolidated financial results. Pending the outcomes of the legal remedies being evaluated by the Company as stated in the said note and the final outcome of regulatory actions; and given the uncertainties involved in this regard, we are unable to assess the possible consequential effects thereof on these consolidated financial results.

Note 2 in the consolidated financial results:

The Hon'ble Supreme Court pronounced the judgment dated 2 May 2025, rejecting Company's resolution plan for Bhushan Power and Steel Limited ('BPSL'), a subsidiary of the Company and directing the refund to the Company of amounts paid to financial creditors and operational creditors of BPSL and equity contribution made in BPSL basis the Hon'ble Supreme Court Order dated 6 March 2020. The Hon'ble Supreme Court also directed that liquidation proceedings be initiated by National Company Law Tribunal (NCLT) for BPSL under Section 33(1) of Insolvency Bankruptcy Code (IBC).

The Company has carried out an assessment of control as per Ind AS 110 - "Consolidated Financial Statements" and based on legal opinion obtained by the Company, has concluded that the Company has control over BPSL as at the date of the balance sheet and have continued with the consolidation of BPSL financial statement with the Company. Accordingly, Revenue from Operations and Profit Before Tax include ₹ 21,440 crores (previous year: ₹ 21,893 crores) and ₹ 260 crores (previous year: ₹ 674 crores) respectively pertaining to BPSL

(ii) If management is unable to estimate the impact, reasons for the same: Not Applicable

(iii) Auditors' Comments on (i) or (ii) above:

Pending the outcomes of the legal remedies being evaluated by the Company as stated in the note 2 of standalone financial results and the final outcome of regulatory actions; and given the uncertainties involved in this regard, we are unable to assess the possible consequential effects thereof on these standalone financial results.
