**STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS**

Company law requires the directors to prepare financial statements for each financial period which present fairly the financial position, financial performance and cash flows of the Company. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors confirm that they have complied with the above requirements in preparing the financial statements. The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Mauritian Companies Act 2001. **INDEPENDENT AUDITORS' REPORT TO THE MEMBERS**

This report is made solely to the members of Arima Holdings Ltd (the "Company"), as a body, in accordance with the Companies Act 2001. My audit work has been undertaken so that I might state to the Company's members those matters I am required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for my audit work, for this report, or for opinions I have formed.

**Report on the Financial Statements**

I have audited the financial statements of Arima Holdings Ltd on pages 4 to 10 which comprise the statement of financial position as at 31 March 2016, the statement of profit or loss, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

*Directors' Responsibility for the Financial Statements*

The directors are responsible for the preparation and fair presentation of these financial statements in accordance with relevant Accounting Standards and in compliance with the requirements of the Companies Act 2001. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

*Auditors' Responsibility*

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with generally accepted standards on auditing. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the accounting policies used and the reasonableness of accounting estimates made by the Company's internal control. An audit also includes evaluating the appropriateness of directors, as well as evaluating the overall presentation of the financial statements.

*Emphasis of matter - going concern*

In forming our opinion which is not qualified, we have considered the adequacy of the disclosures made at note 14 to the financial statements, concerning the ability of the company to continue as a going concern. The company made a loss of USD 7,137 during the year, and had net liabilities of USD 4,937 as at 31 March 2016. These conditions indicate the existence of material uncertainty which may cast doubt about the company's ability to continue as a going concern. The financial statements do not include any adjustment that would result if the company was unable to continue as a going concern.

*Opinion*

In our opinion, the financial statements on pages 4 to 10 give a true and fair view of the financial position of the company at 31 March 2016, and of its financial performance and its cash flows for the year then ended in accordance with the provisions of the Companies Act 2001.
