CHAIRMAN'S INITIALS

The Chairman mentioned that JSW Steel's growth and India's progress has been inextricably linked. The last financial year was no different. While the world continues to grapple with multiple headwinds, India is chasing an ambitious target of becoming a "developed" economy by 2047 and the next 25 years have been termed the 'Amrit Kaal' or the auspicious period.

He further stated that we are in the "Nation Building Phase" similar to what Japan experienced during 1955-1975 and China went through during 1978-2005. The country's rising large consumer base, strong focus on building infrastructure, establishing world class manufacturing facilities and investments in advanced technologies will play a key role as India gears up to move into a sustained, high-growth trajectory to become the world's third largest economy before the end of this decade.

Mr. Jindal in his address explained that Steel and JSW Steel have an important role to play if India were to realise its ambitions. As a trusted partner in the 'nation building' phase, we are committed to almost doubling our India crude steel capacity to 50 million tonnes per annum by the end of this decade.

The Chairman also mentioned that:

- For the financial year 2023, amid the headwinds, JSW Steel has maintained its capacity utilisation levels at 90% and grew its consolidated crude steel production by ~24% and steel sales by 23%.
- JSW Steel also met all its sustainability targets for the year and remained firmly on track to reduce its CO2 emission intensity by 42% by 2030 (from 2005 base year), implement a true circular economy through 100% utilisation of all the waste generated, ensure no net loss for biodiversity, and reduce freshwater consumption by more than 39%.
- JSW Steel launched a specific programme called 'Sustainable Energy Environment and Decarbonisation' (SEED) at Vijayanagar operations to bring in changes at the grassroot level to remain both operational and CO2 emission efficient.
- JSW Steel's sustainability efforts are being recognised at various forums. JSW Steel have received an "A" rating by CDP, which makes it only 1 of 3 steel makers globally to have this highest rating.
- JSW Steel aspire to be a digital-first organisation. As part of JSW Steel's Digital Vision 2026, its leveraging technology to make its facilities safer, sustainable, and more efficient. JSW Steel have deployed a 'Digital Logistics Management System (DLMS)' at its Odisha mines, resulting in faster truck turnaround, improved supply chain efficiency and cost reduction.
- JSW Steel is leveraging Data Science Technologies and infusing AI-ML to strengthen its operations and working with an objective of end-to-end digital transformation of key functions and focusing on creating a future-ready digital workforce.
- JSW Steel remain focused on delivering long-term value to its shareholders. JSW Steel determined to maintain a strong balance sheet, invest in strategic

growth opportunities with efficient capital allocation, and optimise its cost structures.

- JSW Steel maintained a healthy balance sheet, with net leverage and gearing below its stated caps. JSW Steel's strong cash flows, coupled with access to diversified funding sources, provides flexibility to drive value-accretive growth.

Mr. Jindal during his address acknowledged the invaluable contributions of Mr. Seshagiri Rao, the former Joint Managing Director and Group CFO, who recently superannuated. Mr. Jindal mentioned that Mr. Rao has been a stalwart and a pillar of strength and Mr. Rao will continue as Group CFO at JSW.
