To Whomsoever It May Concern

Subject: JSW Steel Limited – Silicon steel (CRNO fully processed and semi processed steel) Manufacturing at Vijayanagar Works

This is to advise and confirm that JSW Steel Limited, Vijayanagar Works, manufactures **CRNO fully processed and semi processed steel** products using slabs produced via steelmaking processes that involve either a Blast Furnace or a Corex Plant, followed by Basic Oxygen furnace steelmaking and continuous slab casting.

The Slabs used for silicon steel Products contain approximately 0-12% scrap charge. All scrap used is classified as **pre-consumer scrap**, which is generated internally during the steelmaking and rolling processes. **No post-consumer scrap** is used in the production of these Slabs or the subsequent processing.

This declaration is issued for necessary reference and record.
