

## Environment Policy

JSW Steel recognizes protecting and nurturing the environment as one of its primary responsibilities in its operations.

We are committed to be a role model for the Steel Industry by exceeding compliance obligation through:

- Integrating risks and opportunities related to the environment in business strategies and decisions.
- Our commitment to protect the environment, prevention of pollution, noise, vibration, and complying with other compliances relevant to the context of the organization.
- Continual evaluation of environmental impact and adoption of appropriate practices and technologies to mitigate adverse effects.
- Fulfilling all the related compliance obligations.
- Conservation and efficient utilization of natural resources in our areas of operations and minimizing wastes.
- Continual improvement of Environment Management System and enhancing Environmental performance.
- Developing new grades of steel with lower life cycle impact on the environment.
- Ensure Zero liquid discharge and reduce overall carbon footprint.
- Engaging our workforce, suppliers and community to create an eco- friendly society and to build awareness on the subject
- Taking lead on environmental conservation initiatives and preservation of bio-diversity around areas of our operation.
