All material Related Party Transactions ("**RPTs**") shall require prior approval of shareholders by means of an ordinary resolution, even if the transactions are in the ordinary course of business of the concerned company and on an arm's length basis.

The provisions of Regulations 23(4) requiring approval of the Shareholders are not applicable for the Material RPTs ("**MRPT**") entered into between a holding company and its wholly owned subsidiary and MRPTs entered into between two wholly owned subsidiaries of the listed holding company, whose accounts are consolidated with such holding company and placed before the Shareholders at the general meeting for approval. Further, Regulation 2(1)(zb) of the SEBI Listing Regulations which provides the definition of related party and Regulation 2(1)(zc) of the SEBI Listing Regulations has enhanced the definition of related party transaction which now includes a transaction involving transfer of resources, services or obligations between: (i) a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand; or (ii) a listed entity or any of its subsidiaries on one hand and any other person or entity on the other hand, the purpose and effect of which is to benefit any related party of the listed entity or any of its subsidiaries, regardless of whether a price is charged.

Accordingly, RPTs of JSW Steel Limited ("**Company**" or "**JSWSL**") and RPTs of its subsidiary entities exceeding the aforesaid threshold of ₹1000 crores or 10% of the annual consolidated turnover of the Company as per the last audited financial statements, whichever is lower, are placed for the approval of the Shareholders of the Company vide Resolutions No. 4 to 6.

In terms of the provisions of the SEBI Listing Regulations, the related parties as defined thereunder (whether such related party or parties are a party to the aforesaid transactions or not), shall not vote to approve resolutions under Item Nos. 4 to 6.

Item No.4.

Approval for undertaking material related party transactions(s) with Jindal Saw Limited.

Jindal Saw Limited ("**JSL**") is a leading player in the manufacture of large diameter submerged arc welded pipes in India that is primarily used for the transportation of oil, gas, slurry and water and in structural applications. JSL has eight pipe manufacturing plants in operation, each equipped with requisite anti corrosion coating facility. Their combined capacity amounts to approximately two million tonnes per annum ("**MTPA**") for line pipes.

JSW Steel Limited ("**Company**" or "**JSWSL**") undertakes the following major transactions with JSL:

- Sale of hot rolled coils and other steel products, water and allied products;
- Purchase of pipes and coke on a requirement basis from JSL; and
- Job work arrangement for conversion of coal into coke.

JSWSL supplies steel to many pipe producers. One of such pipe producers is JSL which is a related party. Similarly, the Company also procures pipes for its various capex projects. JSWSL primarily sells steel products such as hot rolled coils for further value addition in JSL's manufacturing process of pipes and other products. These transactions result in a ready market for the sale of steel products of JSWSL.

JSWSL purchases pipes from JSL for various ongoing capital expenditure projects. JSL has been supplying pipes consistently as per the quality specifications of JSWSL, at competitive prices.

JSWSL also procures coke directly or through the conversion route from JSL to meet the shortfall in the requirement of the coke pending commissioning of JSWSL coke oven plants at Vijayanagar works. JSL owns and operates a coke oven plant adjacent to the steel plant of the JSWSL at Vijayanagar. This arrangement ensures uninterrupted plant operations. The pricing of such arrangements is also competitive and relative to the terms offered by other third-party suppliers/imports.

The members in their Twenty Eighth Annual General Meeting held on the July 20, 2022 had approved entering into RPT's with JSL over a period three financial years from FY 2022-23, till FY 2024-25 amounting to ₹ 8,286 crores. JSWSL has already entered into transactions with JSL for an amount of ₹ 3,374 crores during FY 2022-23 and the balance available amount is ₹ 4,912 crores. The value of transactions for financial year 2023-24 and 2024-25 is expected to be ₹ 9,778 crores due to JSL's increased order pipeline from domestic and overseas market as against the approved balance limit of ₹ 4,912 crores. It is therefore necessary to seek approval for incremental value of proposed RPT of ₹ 4,866 crores as the same exceeds threshold of ₹ 1000 crore for financial year 2023-24 and 2024-25.

Accordingly, prior approval of the shareholders of JSWSL is required to enter into such RPTs.

JSL is a listed entity and a related party of the Company. Mr. Prithviraj Jindal, brother of Mr. Sajjan Jindal (the Chairman and Managing Director of the Company) is the Chairman and Non-Executive Director of JSL.

Item No.5.

Approval for undertaking material related party transactions(s) with Piombino Steel Limited.

On March 26, 2021, the Company completed the acquisition of Bhushan Power & Steel Limited (“**BPSL**”) by implementing the resolution plan approved under IBC Code, basis an agreement entered into with the erstwhile Committee of Creditors. BPSL has state-of-the-art steel production facilities in Odisha catering to both domestic and international markets. BPSL operates with an existing capacity of 3.50 MTPA. BPSL has expanded its capacity from 2.75 MTPA to 3.50 MTPA in Phase-I and is further expanding its capacity from 3.50 MTPA to 4.50 MTPA in Phase-II. The Phase-II expansion is expected to be completed by March 2024.

BPSL has taken the following steps to revive and turnaround its operations:

- Completed the Phase I expansion and increased the capacity from 2.75 MTPA to 3.5 MTPA
- restarted the beneficiation plants which helps in consumption of lower grade fine as against procurement of high-grade iron ore resulting in saving in procurement cost of iron ore.
- Replaced LPG with coke oven gas and sale of surplus coke with the commissioning of coke oven-2.
- Modified converter shell size that increased the in-heat size and steel production.
- Commissioned filter press enabling increased pellet production reducing pellet procurement from third parties.

- improved capacity utilisation of wire rod mill and other downstream products resulting in higher margins due to enriched product mix.
- improved efficiencies across all plants due to adoption of best practices.
- improved product quality and yields leading to better customer satisfaction.

Piombino Steel Limited (“**PSL**”) is a subsidiary company of JSWSL which was incorporated to facilitate the acquisition of Bhushan Power & Steel Limited (“**BPSL**”). JSWSL holds 83.28% of equity in PSL and the remaining equity i.e., 16.72% is held by JSW Shipping & Logistics Private Limited (JSLPL).

JSWSL had invested a sum of ₹ 5,087 crores in equity linked instruments in PSL. PSL had received additional equity contribution from JSLPL amounting to ₹ 1,027 crores and raised debt through issuance of Non-Convertible Bonds (“NCBs”) aggregating ₹ 2,500 Crores which were subscribed by bond investors. In March 2023, JSWSL purchased NCBs from the original subscribers. The NCBs are due for redemption on 22 March 2024.

BPSL has been generating cash from operations, which is used for expanding the capacity from 3.5 MTPA to 4.5 MTPA and for repayment of debt availed at BPSL at the time of acquisition. Funds from BPSL may be up-streamed only after the requirements of BPSL has been met and the ongoing litigation surrounding the acquisition has been disposed off. Hence PSL does not have any source of income to repay the NCB's and accordingly support is required from JSWSL to redeem the NCBs in March 2024. The amount payable on redemption of the NCBs is ₹ 2,500 Crores being the principal amount and ₹ 738 Crores towards redemption premium. Accordingly, to repay the NCBs which are due on 22 March 2024 coupled with other working capital requirements, PSL needs funds in the form of investment/ loans from JSWSL. Accordingly, JSWSL may extend support up to ₹ 3,300 Crores by way of further investments in the form of equity/ preference shares / warrants/ and intercompany loans. Further, JSWSL has disbursed unsecured loans amounting to ₹ 112 Crores against the facility of ₹ 200 Crores, the repayment of which is due on March 31, 2024. The maturity of the loan is required to be extended for a further period of two years.

An investment by JSWSL is in the form of equity/ preference shares/ warrants would be made in accordance with applicable law, i.e., on the back of an independent valuation report.

In case of a loan, it would be repaid after two years from the date of disbursement with interest rate determined based on the prevailing market interest rates and linked to SBI Marginal Cost Lending Rates plus a mark up to cover the credit risk . The transaction is said to meet arm's length requirements since interest is based on market driven borrowing rates.

Further, PSL also purchases steel products for its trading transactions which is supplied by the Company.

The aggregate value of the proposed RPT's is estimated to be ₹ 4,625 crores in a financial year which exceeds the threshold of ₹ 1,000 Crores for FY 2023-24 resulting in such transactions being termed as material RPTs under SEBI Listing Regulations and JSWSL's policy on material RPTs. Accordingly, prior approval of the shareholders of JSWSL is required to enter into such RPTs.

Your Directors recommend the resolution as at Item No.5 for your approval.

Item No.6.

Approval for Material Related Party Transaction(s) between JSW Steel Coated Products Limited, wholly owned subsidiary of the Company and Bhushan Power and Steel Limited, indirect subsidiary of Company:

JSW Steel Coated Products Limited (“**JSW Coated**”), a wholly owned subsidiary of the JSWSL is the largest manufacturer and exporter of coated and colour coated steel products in India and a wholly owned subsidiary of JSWSL. JSW Coated has state-of-the-art manufacturing facilities in Vasind, Tarapur, Kalmeshwar and Khopoli in the state of Maharashtra, Bawal in the state of Haryana and Rajpura in the state of Punjab.

JSW Coated along with Asian Colour Coated Ispat Limited, Vardhaman Industries Limited and JSW Vallabh Tinplate Private Limited has a Galvanised Iron (“**GI**”)/ Galvalume (“**GL**”) capacity of 3.84 MTPA and colour coating capacity of 1.86 MTPA and tinplate capacity of 0.50 MTPA.

JSW Coated procures its Hot Rolled Coils (“**HRC**”) and Cold Rolled Full Hard (“**CRFH**”) requirements from JSWSL plants of Dolvi and Vijayanagar and Jharsuguda plant of BPSL, a subsidiary of the Company, based on mix of customer required mill specification and freight optimisation.

Accordingly, JSW Coated has approached BPSL to supply the required HRC / CRFH requirements. The proposed arrangement has the following advantages:

- Supply from BPSL to JSW Coated Kalmeshwar, JSW Coated yard at Dhar and Bawal would have the freight advantage as compared to supply from Dolvi.
- The requisite quantity of CRFH coils is available in surplus at BPSL and accordingly it ensures seamless supply to JSW Coated at its Bawal unit.
- BPSL has been selling HRC products in the domestic market. With the commissioning of GL/GL and PPGL/PPGL lines at Vasind and Tarapur the capacity of JSW Coated has increased. In this arrangement JSW Coated would process HR products to value added products like GL/GL and PPGL/GL which not only enables the JSWSL group to widen the basket of value-added products compared to the sale of direct sale of HRC products by BPSL in the open market but also helps achieve optimum utilization of plant capacities.

Bhushan Power & Steel Limited (“BPSL”) has state-of-the-art steel production facilities in Odisha catering to both domestic and international markets. BPSL operates with an existing capacity of 2.75 MTPA. BPSL has expanded its capacity from 2.75 MTPA to 3.50 MTPA in Phase-I and is further expanding its capacity from 3.50 MTPA to 4.50 MTPA in Phase-II. The Phase-II expansion is expected to be completed by March 2024.

The proposed RPTs are for: (a) the purchase of HRC/ CRHF coils by JSW Coated from BPSL for a value of ₹ 3,473 Crores; and (b) for the sale of store spares/ zinc dross/ and other products by JSW Coated to BPSL for a value of ₹ 110 Crores. The RPTs are valued at a total of ₹ 3,583 Crores. BPSL purchases spares, consumables, zinc and other products from the open market. Since these materials are also procured by JSW Coated for their use, JSW Coated may sale such materials to BPSL as per urgent requirement, un-availability of materials in open market (as it can take around 5-7 months in procuring it from market) and surplus material available at JSW Coated.

The estimated value of the RPT's is ₹ 3,583 crores for each for FY 2023-24 and FY 2024-25 aggregating to ₹ 7,166 crores for FY 2023-24 and FY 2024-25 which exceeds the threshold of ₹ 1,000 Crores for FY 2023-24 resulting in such transactions being termed as material RPTs under SEBI Listing Regulations and JSWSL's policy on material RPTs. Accordingly, prior approval of the shareholders of JSWSL is required to enter into such RPTs.
